Loon Lake Mother, Son Die in Accident On Deep Lake Road

Mrs. Raymond F. Latal, 31, and Glen, 4, Fatally Injured in Car Crash

A double funeral was held at 11 a. m. Tuesday at the Strang Funeral home for Mrs. Frances Latal, 31, and her 4-year-old son, Glen, of East Loon Lake, who died as the result of an automobile accident last Friday night.

Mrs. Latal's death occurred Friday night and her son died at 5:30 a. m. Saturday at Victory Memorial hospital as the result of a head-on collision of the station wagon driven by Mrs. Latal and a newly purchased car driven by Miss Janet Glowickie, 18, of Venetian Village on Deep Lake rd. just north of Rte. 173.

Deputies said that both cars were in the center of the roadway at the time of the accident, marks on the pavement showed.

Miss Glowickie, who had applied for and not yet received her driver's license, received a head injury and her companions, Elaine Mazurek, 15, Venetian Village, and Joan Marcella, 13, Chicago, were cut and bruised.

The injured were taken to Victory Memorial hospital in the Antioch Rescue Squad ambulance and Capt. Herman Holbek's private car, the new additional ambulance of the squad not having arrived yet. They are said to be well on their way to recovery.

Mrs. Latal was born in Chicago Nov. 16, 1924; her son Glen, was also born in Chicago April 12, 1952.

Surviving them are the husband and father, Raymond F. Latal, 36, the daughter and sister, Linda, 5, Mrs. Latal's mother, Mrs. Frances Kratky, Chicago, and Mrs. Latal's three brothers, Rudolph, Leo, and Frank Kratky, Chicago, and her sister, Mrs. Stephanie Brown, Chicago.

The Latals moved from Chicago to Loon Lake two years ago. Mrs. Latal was an expectant mother.

In charge of the service Tuesday was the Rev. Harold Carlson of the Richmond Lutheran church. Burial was at Home Oak Cemetery on Deep Lake rd.

Mrs. Ken Kirchmeyer, Two Children Injured In No. Dakota Crash

Mrs. Kenneth Kirchmeyer and her two children, Glenn and Kim, 2, of Rte. 21, Antioch, were injured in a head-on collision of automobiles near Jamestown, N. Dak. last Thursday.

Mrs. Kirchmeyer suffered fractured ribs; Glenn had multiple bruises, and the little girl suffered a concussion.

They were treated for their injuries at Jamestown hospital and are now well on their way to recovery.

The accident occurred on Rte. 10 two miles east of Jamestown, at 8:30 a. m.

Investigating authorities said that Mrs. Kirchmeyer was following two other cars traveling east on the highway. The lead car slowed down to make a turn onto a side road where the occupants intended to stop for a picnic lunch. The second car bearing an Oregon license also slowed down and Mrs. Kirchmeyer started around the two vehicles.

Mr. and Mrs. John Koplanif of Chatham, Ont., Canada, were approaching from the east at the time. When Koplanif saw the Kirchmeyer car move out he headed for the ditch in an effort to avoid the collision, but the left front fender of his car struck the Kirchmeyer car, he told police.

The force of the impact sent Koplanif's car careening off the road and into a ditch filled with about two feet of water, landing upside down. It was demolished and the Kirchmeyer car was badly damaged.

Koplanif suffered multiple bruises and head cuts.

Mr. Kirchmeyer, husband of the injured woman, is head of an Antioch construction firm.

Mail Boxes Riffed

According to a report, mail boxes on R.F.D. 2 out of Antioch were rifled of letters which were found opened in a barn and the checks contained in them missing.

The postmaster at Round Lake has reported a similar situation. The checks made out by a Waukegan industry and the names of at least four recipients forged.

Antioch merchants are warned to be on the lookout for the thieves and forger.

Gray Olds Stolen Tues. Morning in Antioch

A gray 1950 Oldsmobile was reported missing Tuesday from behind the fire station on the corner of Broadway and Orchard streets in Antioch.

The car, license no. 19032, was taken between the hours of 9 and 12 on Tuesday morning. Owners of the car are Mr. and Mrs. Fred Jones of Elmhurst, Ill., now residing in Forbich's Subdivision on Lake Marie.

"At noon Tuesday I started out for my car to eat my lunch as I usually do," stated Valerie Jones. "But when I got to the corner where the car was parked, I discovered my lunch was gone—and also my appetite, when I realized my car had been stolen."

Two Died of Burns, Third From Injuries In Car Crash, Fire

Head-on Collision on Rte. 173 Involves Chicagoans, Three Autos

In what sheriff's deputies and Antioch Rescue Squad members declared was the worst accident they had ever seen, three men, all Chicagoans, were killed at midnight Sunday on Rte. 173 about 90 feet east of Hunt rd., or about five miles east of Antioch in a head-on collision.

The accident brought to five the number of persons killed during the week-end in the Antioch area and 56 in Lake county for the year.

In addition to the dead, five persons were injured, two of them trying to rescue the two who were in one of the wrecked cars that burst into flames shortly after the crash. The dead are Kenneth Clayton, 22, of 4252 Henderson st., Chicago; Joseph Singer, 22, his companion, of 4240 W. Berteau st., Chicago; and Orville Childers, 36, of 9959 S. LaSalle st., Chicago.

Clayton's car and two other unidentified cars were racing and had passed a stop sign at the Rte. 45 intersection, going east, an estimated 100 miles an hour when the collision of the Clayton car with one driven by Childers occurred.

A third car of which Jane Pitts, 35, of 1110 Madison st., Chicago was the driver was struck by the Childers car as it was swung around by the impact. Clayton's car catapulted in the ditch and landed upside down.

A moment later while Robert Reda, 22, of 5052 W. Armitage Ave., and Guido Coldebella, 21, same address were trying to get Clayton and Singer from their wrecked car, the automobile exploded and burst into flames.

Clayton was burned beyond recognition, being identified only by his ring, and Singer received burns over 80 per cent of his body. He died at 1:40 a. m.

Childers' wife, Osie, 36, is in Victory Memorial hospital, Waukegan, (continued on page 8)

Austin Norling, 61, of Lake Villa, President Republican Club, Dies

Austin Norling, president of the Antioch-Lake Villa Township Republican club was found dead Wednesday morning at Freshend Aire Co. plant in Grayslake where he was employed as a night guard.

Employees reporting for work were unable to get in and called an executive to bring a key. They found Norling on the office floor.

Indications were that he had become ill and had placed a pillow on the floor and lain down. Death probably took place about 6 a. m.

Mr. Norling and his wife resided at Rte. 45 and Grand Ave., Lake Villa. He was seemingly in good health when he and Mrs. Norling attended the Republican meeting in Antioch Sunday and arranged for an executive meeting last evening. The meeting was cancelled following his death.

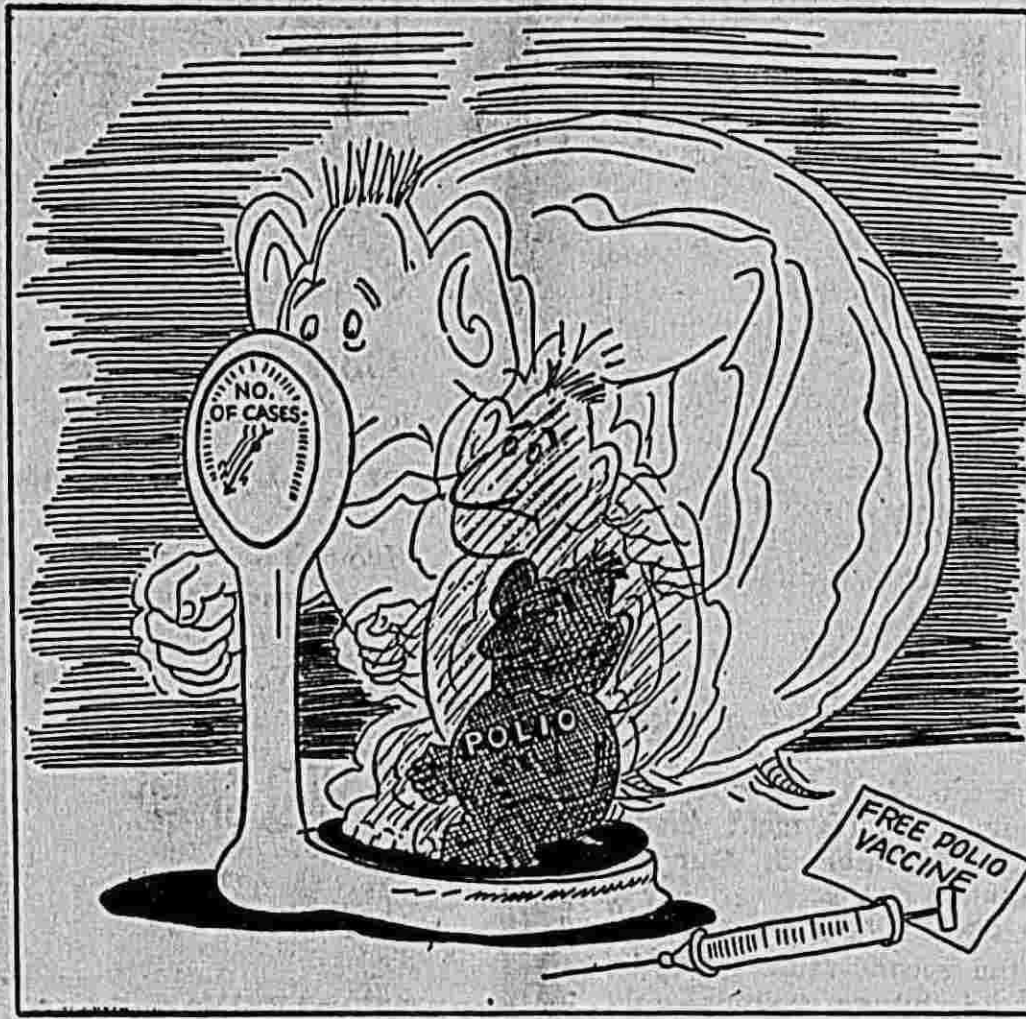

Born in Chicago Jan. 4, 1895, Austin Norling was 61 years old at the time of his death. A veteran of both World Wars, he was a member of Grayslake American Legion Post 659. He was constable of Lake Villa township.

Surviving are the widow, Dorothy, a daughter, Mrs. Frances Williams and two grandchildren, all of Lake Villa.

Friends may now call at the Strang Chapel in Grayslake where the body will rest until the time of the funeral 2 p. m. Friday. The Rev. Henry Liddicoat, father of the Rev. Stephen Liddicoat of the United Protestant church, Grayslake, will officiate. Burial will be in Warren cemetery.

THE SHRINKING CRIPPLER...

Four-Day Lake County Fair, 4-H Club Show To Open Next Thursday at New Fair Grounds

Tent City at Rtes 45, 120 Will House Exhibits Of Many Kinds

Are your cattle, grains, flowers, paintings, and jam ready? These are but a few of the many items to be entered in the 1956 Lake County Fair and 4-H Club show which will open a week from today, July 26, and continue day and night through Sunday, July 29.

This year's fair and 4-H Club show will be held at the new home of the Lake County Fair Association located east of Grayslake at the intersection of routes 120 and 45. Entrance to the grounds will be from route 45, about one-half mile north of route 120.

The Lake County Fair and 4-H Club show is considered to be one of the top agricultural expositions in northern Illinois. One factor that makes the fair interesting is the unusual quality and variety of exhibits. The diversity of interests of Lake county residents who exhibit at the fair makes for a large number of unusual exhibits.

Topping the exhibits in money value will be the livestock classes, including dairy, dual purpose beef cattle, swine, sheep, poultry, pigeons, rabbits, and goats.

The agricultural products class includes grains, corn, and hay; all kinds of fruits and vegetables will be seen in the horticulture class. Another interesting department at the fair is the flower show. Flower growers from Lake and adjoining counties enter their best cut flowers in the competition. Most of the garden clubs throughout the county will be represented.

Art Exhibit to Be Exceptional Black and white photography, enlargements, and paintings in oil and water colors will be entered in the fine arts class. Special classes have been provided for high school and grade school students for paintings in any medium. Entries must be made the night before judging.

Domestic arts classes include sewing, knitting, and weaving. In the dairy, apiary, and culinary class will be found frozen foods, canned fruits, and vegetables, jams, jellies, pickles, catsup, etc.; breads, rolls, (continued on page 8)

Registration Next Week For Swimming Lessons At Aqua Center Pool

Registration for young children's swimming lessons at the Aqua Center will take place from 9 a. m. until noon next Monday and Wednesday and classes will start the following Monday, July 30.

Warren Polley, manager of the pool said that classes will be one hour a day Monday through Thursday for three weeks, a total of 12 lessons. Friday will be devoted to advanced classes in life saving and water safety.

All will be under the direction of the American Red Cross.

In charge of the lessons are Janet Wilkins and Martha Barry. Assisting will be the life guards, Gwendolyn Royer, Maureen Smith, Catherine Arndt, Carole Hansen, Walter Shepard, and Roger Lang, who this week are qualifying for their tasks under the direction of Jane Strang, director of the Learn to Swim program for Northern Lake County under the Red Cross.

Entertainment Will Include Bob Atcher, 4-H Show And Fireworks

Highlighting the first night's entertainment at the Lake County Fair will be a program of Hawaiian dances, vocal and instrumental numbers, stunts, and novelty acts given by the county and district winners in the 4-H Share-the-Fun Festival contests.

Thursday afternoon's feature will be the pet parade and Friday evening's entertainment will be a double feature including the famous Bar-M Rodeo and a spectacular fireworks program.

Saturday's entertaining starts with the 4-H Club Horse show at 12:30; members will stage a program including Western Pleasure Class, 4-H equitation, a Parade class and a Western Stock Horse class. The Open Class Horse show will follow the 4-H Club horse show and will include a Western Pleasure class, three gaited saddle horses, handy hunters, and junior musical stalls.

Opening the Saturday night program will be a giant parade of prize-winning livestock, trucks, cars, and farm equipment. The parade offers fair goers an opportunity to see in revue practically all machinery exhibited at the fair.

This will be followed by the Bar-M Ranch rodeo and the fireworks display.

The Sunday program will feature the rodeo and the popular TV and radio star, Bob Atcher, who will also appear in the Sunday night entertainment.

In addition to the above, several attractions will be provided at afternoon and evening programs. One of these includes a trio from the Northern Chorus, which was featured on the Ed Sullivan show.

Letters to Be Mailed In Lions' Drive for Rescue Squad Fund

Letters will be sent out either late this week or early next week to begin the annual fund-raising drive of the Antioch Rescue Squad. Loren Sexauer, chairman of the Lions committee in charge, stated Wednesday.

A new squad truck, complete with the latest, most modern equipment has been purchased and should be in use soon to assume faster and more efficient service.

"Our squad," stated Sexauer, "is unexcelled anywhere, both as to man-power and equipment; and it is the intention of everyone connected with its operation to keep it just that way."

Sales Tax \$17,659.72

February sales tax collection for Antioch amounted to \$17,659.72, the Illinois Department of Revenue reported. The collections were made by 166 merchants. Antioch was seventh in the county being exceeded only by Waukegan, Highland Park, Lake Forest, Libertyville, North Chicago, and Zion, all much larger places. The total for the county was \$400,311.23.

Postmaster Kufalk Announces He Has Applied For Home Service to Postal Heads at Chicago

Antioch Business Man Involved in Car Crash That Kills Two Sailors

When their speeding automobile struck the fender of a car driven by Fred B. Swanson, local theatre owner, on Rte. 41 south of Rte. 120 and went out of control, two Great Lakes sailors lost their lives at 11:44 p. m. Tuesday.

The careening automobile crashed into two center parkway trees, killing Otto Carver, 18, St. Louis, instantly, and fatally injuring Bobby L. McMillin, 27, Gages Lake, father of three children.

Swanson was unhurt. Sheriff's deputies said that McMillin was driving north in the inner lane and attempted to pass the car of Swanson who was also driving north on his way to his home at 348 Lake st., in Antioch.

The speeding car was turned out too late and caught a left rear fender of Swanson's car, immediately going out of control and plunging at high speed onto the inner parkway.

Deputies estimated that the McMillin car was going 90 miles an hour in a 45-mile zone.

Carver was an apprentice seaman and McMillin, a hospital corpsman second class, and both were attached to a Naval Training Center dispensary.

McMillin's death occurred at St. Therese hospital at 3:45 a. m. He had a skull fracture and multiple other fractures.

Swanson said that he knew he was hit by something but it wasn't hard enough to cause him to lose control of his car. He said he saw no lights and didn't know what had happened until he put on the brakes and stopped.

"I looked back and saw that a truck had stopped and there were other persons getting out of cars and I realized that something had happened," said Swanson. "Then I saw the wreckage."

Swanson said that he saw no lights from the car of the sailor and for that reason was unaware they were trying to pass him.

Legion-K.C. Carnival Last Week a Success Water Battles Please

Exceeding records of earlier years, the American Legion-Knights of Columbus Carnival was a big success last week. Favored by the weather the attraction drew a large attendance.

Entertainment was provided Saturday and Sunday evenings by fire departments who engaged in water battles on Orchard st.

On Saturday night Lake County teams participated. Round Lake beat Fox Lake two out of three, and Antioch beat Gurnee two out of three. In the final Antioch beat Round Lake two out of three.

On Sunday night Antioch substituted for Salem when that team couldn't come and won from Trevor two out of three. In the meantime Wilmet beat Bristol two out of three, and then Antioch defeated Wilmet two straight, according to the records of Charles (Tod) Mapleshorpe, chairman.

The Antioch department displayed its new hose nozzle which handles a 500-gallon-a-minute supply of water and can produce a fog.

The visiting firemen had a good time and the crowd was provided excitement.

Grass Lake Woman Dies of Heart Attack

Mrs. Margaret Fitzgerald, 58, who became a resident of the Edward Smith subdivision at Grass Lake just two months ago, died Tuesday afternoon of a heart attack.

She was at work varnishing a floor when she was stricken.

Members of the Antioch Rescue Squad tried to revive her but without success.

Surviving are the husband, John Fitzgerald, a sister and several grandchildren. The family lived in Chicago before coming to this area.

The body was taken to Chicago for burial.

Is Told by Inspector That Antioch Is Ready for Improved Service

Home mail delivery for Antioch is in prospect.

Postmaster Roy Kufalk has made application to the Chicago office of the United States Postal Department for this improved service out of his office, and firmly believes that it will be granted after an investigation is made.

Kufalk said that he had been told by inspectors several months ago that Antioch is ready for home delivery of mail. He said that he did not make application at that time for two reasons: One was that the village was about to obtain its interim census and he wanted to wait until that was completed, and the other was that he wanted to await a new fiscal year when the department would be in better financial condition to grant the improved service.

The interim census recorded a population of 1,802 persons, a considerable increase over the 1950 record of 1,300. This indicates that Antioch is growing rapidly and merits the consideration of the department on its request.

The community is compact and its unscattered population is conducive to foot delivery.

Growth of the area surrounding Antioch now supplied by four rural carriers is becoming more dense and therefore more difficult for the delivermen. Mounted carriers for home delivery could take care of this situation, Kufalk said.

The postmaster said he had been informed that there is a movement to detach approximately 50 patrons on Lake Shangri-la served by the Antioch rural carrier and attach them to the Trevor, Wis., service.

Oakwood Knolls is now served by rural carrier and this would come under local mounted or foot service.

Postmaster Kufalk says he has no idea how many more men will be needed under the new set-up if it is granted. There would necessarily be some increase, for he believes there will be enough territory for four rural routes, and probably two or more men would be needed for the foot and mounted delivery to serve those now served through boxes in the office.

"Antioch has an ideal set-up so far as receipt of mail is concerned," said Kufalk. "There is but one mail a day and it is received at 2:35 a. m. in plenty of time for the one home delivery service that is now provided by Uncle Sam."

Just when this service would begin is not known by Kufalk. The investigation is first, and then the matter of outfitting the office will be next.

Wauconda, although granted the improved service months ago, is still unable to start it because of lack of sorting boxes and other equipment. Lake Zurich started this service last week after a long delay.

Antioch Gets Heavy Rainfall, Light Hail; Slight Damage Done

The heaviest rain of the year accompanied by some hail fell in the hour between 2 and 3 p. m. Monday. The rainfall amounted to 1.0 inches, Roy Kufalk, cooperative observer said.

There was a strong wind which did slight damage. The damage from hail was light.

A limb was broken off a tree in front of the Episcopal rectory damaging a cable. It was reported that a car was damaged also by a falling limb.

Antioch has had a deficiency in rain this year and the crops have suffered while elsewhere in Lake county the rain has been quite sufficient and the crops are large, wheat yielding 45 to 60 bushels to the acre and barley 40 to 45 bushels.

In the Antioch area the yield is said to be considerably less. Oats combining is expected to start next week.

Dr. Deering Undergoes Surgery Wednesday

Dr. D. N. Deering, who underwent major surgery at Hines hospital Wednesday, is improving.

Mrs. Eleanor Michell left this week for a two weeks vacation in Washington, D. C. and New Orleans.

Equally Wonderful

It is safe to say that few of us Americans fully realize the progress this country has made in a handful of years. The editor of the Port Gibson, Miss., Reveille touches on this in relating how that town has improved its community life. In 1928, he said, "Port Gibson was struggling along with flickering lights, and a few small motors, which seemed they might burn out any minute, until the town finally voted to sell its worn out municipal plant to the Mississippi Power & Light Company.

"Had there been television in 1928," he said, "we think it would have been useless in Port Gibson, to say nothing of home freezers, electric refrigerators, washers, dryers, garbage disposals, industrial motors, air conditioning, and a host of other gadgets run by that wonderful force which no one can adequately define, but everyone calls electric power."

This editor might have added that all these modern conveniences would have been slower in coming were it not for another wonderful force which no one can adequately define but everyone calls private enterprise.

* * *

More Government in Business

The government is still going into business—and on a big scale.

Example: by a 41-38 vote the Senate approved federal construction of 135,000 public housing units each year for four years. That amounts to about half of one year's total residential construction in this country. By its action, the Senate rejected a Presidential proposal that the program be restricted to 35,000 housing units for each of two years.

Who must pay? You, of course—and everyone else in the country.

* * *

The Record Speaks

Germany—a country which was ravaged by war, suffered total defeat, and has since been a bedeviled sector of the cold war—can teach the United States some lessons as to the value of free enterprise.

Germany's postwar economic recovery is almost universally described as miraculous. That miracle, as William Henry Chamberlain explains in a book review appearing in National Republic, is one of the most compelling arguments "for the dynamic effectiveness of capitalism, without 'buts,' 'whereases,' and 'on the other hands.' He adds: "The men who directed economic policy . . . believed passionately in free enterprise, competition, free international trade and investment."

By contrast, those European nations—including victorious nations—which deserted these principles

in favor of some form of paternalistic state have suffered one economic crisis after another, coupled with all manner of political crises.

* * *

Grass Roots Opinion

CANADIAN, TEXAS, RECORD: "Maybe you want to trade democracy for national socialism as the United States form of government . . . and in our free democracy, you are privileged to make the choice. But think a little bit first: having once given up the democratic form of government for the Socialistic state, it will no longer be your privilege to trade back. National socialism doesn't work that way. Socialism is a one-way street."

INMANN, S. C., TIMES: "Free enterprise system is a term generally accepted but little analyzed. It is a term which refers to our basic way of living, but one which can be easily forgotten among the jumble of 'isms' and varied proposals of a new way of life."

CORVALLIS, ORE., GAZETTE-TIMES: "We are living up our incomes just about a year-and-a-half ahead of ourselves. This is probably all right as long as our present prosperity rates hold, but look out Nellie if the roof ever caves in."

MALTA, MONTANA, NEWS: "We are opposed to any plan for federal intervention in education financing beyond those in which the government is already engaged. . . . We pay a huge price for every service or commodity we receive from Washington."

AMBRIDGE, PA., DAILY CITIZEN: "Religion as a well known professor of philosophy once said, 'is a life of adventure, born in aspiration. It matures in purpose and comes to its fulfillment in commitment.' There is a lot of chewy intellectual meat in those words."

* * *

Meat in Abundance

We lead the world in meat production, and by a huge margin.

Last year, the American Meat Institute reports, the United States produced more meat than the seven next largest producers combined. Our output was a staggering 27 billion pounds—seven per cent more than in 1954 and 20 per cent above the 1946-50 average. By contrast, the second-ranking producer, France, accounted for 5.4 billion pounds—only a fifth as much.

Consumers found this all to the good—we are a nation of meat eaters. It was also highly beneficial from the standpoint of the national health. Science has proven that the great majority of the people of all ages require diets rich in protein to maintain a high level of physical and mental strength, and meat provides protein in one of its most easily assimilated and appetizing forms.

From the standpoint of producers, as we all know, the situation is different. Livestock prices—as is inevitable in a free, supply and demand economy when production reaches floodlike proportions—were substantially under former levels. Last December, for instance, hogs in the Chicago market touched a 14-year low of \$11.75 per hundred pounds. But more recently the situation has brightened—in mid-June, hogs were bringing about \$18. Livestock people, like the rest of us, have problems. But the major farm depression that political prophets of doom were forecasting has not come about.

In 1881, there were only three chapters helping to provide Red Cross services. Today 3,713 Red Cross chapters serve every county in the United States and insular territories.

During the northeastern states floods of 1955, the American Red Cross received contributions from individuals in 44 countries for relief of the disaster victims.

Of the total 31,000,000 donations of blood obtained by Red Cross since February 1941, some 21,000,000 donations were provided for military and defense and 10,000,000 donations were provided for civilian use.

Last year, the American Red Cross, in cooperation with Red Cross societies of other countries, continued its world-wide search for people missing because of World War II, and helped to locate almost 200 families.

HEALTH TALK

Typhoid Fever Still With Us

Because we no longer see the widespread epidemics caused by typhoid fever, we are inclined to be apathetic to this infectious disease. Yet the causative agent, the typhoid bacillus, is always present as a serious threat to good health and as a potential killer of human beings, bacillus, is always present as a serious threat to good health and as the Educational Committee of the Illinois State Medical Society points out in Health Talk.

Once the typhoid bacilli are introduced into the body through the mouth, they invade the intestinal tract. The germs breed rapidly and are released through bowel and urine elimination. Persons who are unclean in their personal habits, who do not wash carefully before handling food and who live in unhygienic surroundings are natural sources to spread the disease.

Symptoms appear from ten to fourteen days after the germ enters the body. The infected person may feel tired, have a dull headache, loss of appetite, and a steadily rising fever. Either diarrhea or constipation may be present. About

Stated Meetings First and Third Tuesday at 8:00 P. M.

seven days after the infection sets in, a rose-colored rash may develop on the skin, usually on the chest and stomach areas.

The disease varies; it may be mild or so severe that death results. Even the moderate type, however, causes great suffering.

Typhoid is more likely to occur in the warm weather; milk and milk products are chief sources of infection in any type of weather, and water in the cold months.

Largely a filth-borne disease, typhoid fever is transmitted in many ways. The common house fly, which feeds in trash cans, is a source of infection when it deposits excrement on dishes and other eating utensils. The typhoid bacillus can be acquired by drinking polluted water in pools and streams, and

eating unwashed fruits and vegetables grown in soil fertilized with human excreta. Objects which have not been sterilized, such as tongue depressors or thermometers, are means by which the insidious germs may enter the mouth.

Some persons harbor the typhoid bacilli, thus becoming a carrier of the disease. These persons are a menace to the whole health of a community. That is why known carriers are restricted in their occupations by public health regulations.

Since cleanliness is a major factor in preventing and controlling typhoid fever, everyone should participate in ridding one's home of insect breeding places; seeing that windows are properly screened; drinking water that is known to be

It's a Great Time to Buy a Buick!

Buick Century
4-Door Riviera

*Switch the Pitch -
And you Zing like a Bird*

You can do it only in a Buick.

Only with Variable Pitch Dynaflo* can you switch the pitch like an airplane pilot does. Only with Dynaflo can you get a safety-surge of extra power that's smooth as a soaring bird.

Only the newest version of Dynaflo gives completely smooth, swift acceleration—even at the first gas-saving inch of pedal pressure.

Trying is believing—this new 1956 Dynaflo is years ahead of any other transmission. And it's just one of the great new features that you're missing if you're still driving an older car.

So why wait for your present car to become another year older—and considerably less valuable as trade-in—when you can take advantage of

today's prices? And enjoy a car so excitingly new?

Just look at Buick's new styling. "Mas-sive" and "grace" are words that seem almost contradictory. But they're beautifully combined in these newest Buicks. And in a classic way that will still look fresh for years to come.

Just try the newest Buick ride. It's the steadiest yet. Based on deep-coil springs, deep-oil-cushioned shock absorbers, torque-tube drive, and a long list of new developments not even Buick has ever had before.

To get a softer, more buoyant ride than this, you'd have to repeal the laws of gravity.

And to say that this is a great time to buy a Buick is really an understatement. Come see the sensible, down-to-earth prices of Buick's tremendous range of models. Come hear the deal we can give you.

It's our deal—for your pleasure. Come draw up a chair—we're ready whenever you are.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

SOCIETY EVENTS

Donna Masopust Weds Dale E. Jones, July 7 At St. Peter's Church

In a double ring ceremony a week ago Saturday, July 7, Miss Donna Elaine Masopust and Pvt. Dale Edwin Jones exchanged vows at St. Peter's church in Antioch. The Rev. Alfred J. Henderson officiated. The bride is the daughter of Mr. and Mrs. George Masopust, California subdivision, Antioch, and the bridegroom is the son of Mrs. J. W. Jones of Channel Lake.

After a honeymoon trip which took the couple to Niagara Falls, Canada, New Jersey, and New York, the new Mrs. Jones is living at home while her husband is stationed in New Jersey. Both were graduates of Antioch Township High School.

Given in marriage by her father, the bride wore a gown of Chantilly lace and nylon net over satin, featuring a square neck, short sleeves, lace bodice, and a cascading front panel of lace caught with pleated tulle to create an apron effect. Her imported tulle veil was held by a jeweled crown of pearls and sequins. The bride's bouquet was an orchid surrounded by white carnations.

Mrs. Joseph Gutowski was matron of honor, and the Misses Mary Lu Osmond and Donna Martin were bridesmaids. The attendants wore street length full skirted gowns of red nylon dotted swiss over white polished cotton. Large bows were featured in the backs of the dresses. The matron of honor carried a red carnation bouquet, and the bridesmaids carried bouquets of red and white carnations.

The mother of the bride wore a white linen sheath dress with white accessories, and a white orchid corsage. The groom's mother, who wore a white nylon print, wore a similar corsage.

Richard Haak was the best man, and Frank Lombardo and Allen Masopust served as ushers.

After the ceremony, a reception was held at the American Legion hall in Antioch.

Stork Shower for Mrs. Kutz
Mrs. Theodora Hennings Kutz was the honored guest at a miscellaneous stork shower on Monday evening at the Masonic hall. Luncheon was served to 38 guests, and many gifts were presented to the guest of honor. Hostesses were Mrs. Lillian Woods, Mrs. Margaret Pincombe, and Mrs. Ann Heath.

ENTERTAIN AT BRIDGE-LUNCHEON

Mrs. Einar Petersen and Mrs. Edward Jacobs entertained 21 guests at a 12 o'clock luncheon and bridge party at the Petersen home last Thursday. Prizes were awarded to the bridge winners.

Rev. and Mrs. Edmond Hood and daughter Pamela left Sunday for a three weeks' vacation with Rev. Hood's parents, Mr. and Mrs. J. H. Hood of Champaign. Rev. Hood is rector of St. Ignatius' Episcopal church.

Homer Tiffany left Antioch Saturday for his home in Dallas, Texas, after spending the past two weeks with his sisters Misses Mary and Deedie Tiffany, Mrs. B. R. Burke and Mrs. Nason Sibley and family and friends in Chicago.

Forty-seven ladies were guests at a 12:30 luncheon and bridge party last Monday at the Colony House near Trevor, Wis. Hostesses were Mrs. Margaret Gaston, Mrs. Howard Gaston, and Mrs. H. E. Shepard. Prizes were awarded to the winners of the highest scores.

TO SPONSOR CARD PARTY

Members of Millburn O. E. S. will sponsor a public card party at the Millburn Masonic temple Saturday evening, July 21.

Mrs. Myrtle Huffendick of Chicago is guest this week of her aunt, Mrs. Effie Nelson, and Mr. and Mrs. Joseph Horton.

Surprise Party Given

Miss Joan Cervenka was guest of honor at a surprise party for her 21st birthday at the home of Barbara Forbrich, Grass Lake rd. Twenty guests were present. Hostesses were the Misses Dee and Joan Braeckman, Carol Cervenka, and Barbara Forbrich.

Mr. and Mrs. John Dupre and sons, Jack and Jim and Mrs. John Dupre, Sr., spent Sunday with Mr. and Mrs. Arthur Fink at their home in Deerfield. Mrs. Dupre, Sr., celebrated her birthday anniversary that day.

After spending a week in Detroit, Mich., attending a Shrine convention, Mr. and Mrs. Fred Swanson returned to Antioch last Saturday. Mr. Swanson is a past potentate of Medinah Temple, Chicago.

Mrs. Charles Tiffany, 623 Pacific Ave., Waukegan, who underwent surgery at Victory Memorial hospital a week ago, is improving. Mrs. Tiffany is the daughter of Mrs. William Keulman, Sr., of Antioch.

Betrothal Announced

Mr. and Mrs. Irvin Pedersen of Petite Lake Highlands, Lake Villa, announced the engagement of their daughter, Gail Ann to James Fields, son of Mrs. J. B. Fields, Antioch. They will be married on Sept. 8.

ENTERTAINS AT PRE-COLLEGE GET-TOGETHER

A pre-college get-together was held at Lake Marie last Saturday when Valerie Jones of Forbrich's Subdivision entertained 15 girls from Elmhurst, Ill.

Colleges represented were Cornell University, Duke, Illinois, Indiana, Kentucky, Iowa, Nebraska, Washington University, Stephens College, and Parsons College.

The girls were all graduated in June from York Community High School, Elmhurst.

RETURN FROM TRIP TO CALIFORNIA

Mr. and Mrs. Donald Hills and daughter, Cindy, and Mr. and Mrs. Roy Burdick have returned from California, where the Burdicks took Mrs. A. W. Burdick of Salem, Wis., his mother, to Cardiff to visit a daughter, Mrs. Raymond Smith. The Hills visited Mr. Hill's brother in San Diego, Calif., whom they had not seen for 13 years. They went sight seeing at Tijuana, Mex., saw Disneyland, and stopped at Estes Park, Colo., on the way home.

Postman Honored at Party

Robert J. McCann, recently retired Lake Villa Rural Mail carrier, was the honored guest at a party Wednesday evening, July 11, given by his fellow postal workers. Mr. McCann has served as rural carrier for 32 years, and in his early years of service, recalls delivering the mail by horse drawn vehicle.

The Post Office department awarded him a Certificate of Honorable Service which was presented to him at the party.

Send Delegates to WSCS Seminar

Four local women were delegates from the Antioch Methodist church to the Educational Seminar of the Woman's Society of Christian Service at the Des Plaines Camp Grounds last Thursday. They were Mrs. Howard Benson, Mrs. L. V. Sittler, Mrs. John Quinn, and Mrs. D. M. Kreiger.

Women from the north and west sides of the Chicago area met to learn about the theme of their study for the next four years which will be "The Spirit of Christ in all of life."

Methodist Youth Group To Attend Orchestra Concert at Ravinia

The Young People's group of the Antioch Methodist church will attend a concert by the Chicago Symphony orchestra at Ravinia on Monday, July 23.

Cars will leave the church at 6:30 p. m., and everyone is invited to go. For further information, call Antioch 207-W.

SMALLS CELEBRATE 25TH ANNIVERSARY

Mr. and Mrs. Andrew Small of Fox Lake Heights, Antioch, celebrated their 25th wedding anniversary Saturday night with a party at Lystlund's Otis Resort. The Smalls are the parents of a pre-school son, Richard Mark.

Five members of the Antioch 4-H club represented their group for a week at Camp Shaw-waw-nassee near Kankakee. Returning last week were Diane Hoekstra, Janet Keisler, Sandra Kubs, Janet Sheehan, and Bonni Van Patten.

Mrs. Edward Jahneke, who is receiving care for her back has been moved to a new address: The Illinois Neuro-Psychiatric Institute, 780 S. Wood St., Chicago.

Dick Haak, son of Mr. and Mrs. Onno Haak, left for the army last week and is now at Ft. Leonard Wood, Mo., for his basic training.

Mr. and Mrs. Vern Runyard and daughter, Janet, left Antioch recently for a visit with relatives in Tucson, Ariz.

Mr. and Mrs. Lyle Warren and daughters Judy and Lila of Kansas City, Mo., were guests at the H. E. Shepard home over the week end.

Mrs. O. I. Onstad Wins Top Ribbon Award at Long Lake Flower Show

Mrs. O. I. Onstad, chairman of the Garden Section of the Antioch Woman's club, won the green ribbon at the Long Lake Garden Club Flower show last Thursday at the Ingleside Fire station.

There is only one such award made for the entire show and Mrs. Onstad won on an arrangement entitled "Mary Mary Quite Contrary, How Does Your Garden Grow?" A miniature flower garden was constructed on a cookie sheet containing a bed of baby zinnias, a flagstone walk, evergreens and a ceramic maiden with a sprinkling can. The maiden happened to be a gift to Mrs. Onstad from Fibber Maggee and Molly of radio fame. They gave it to her during her nursing career in which she had their daughter as a patient.

Several other Antioch women placed high in the show with ribbons taken by Mrs. Ed Vos with an amaryllis lily, and by Mrs. J. Edward Dompke with both a rex begonia and a queen purple African violet. Mrs. John Wagner received a red ribbon for a floral arrangement.

Six Methodist Youth Attend Frosh-Soph Camp

Six youth from the Methodist church are spending this week at the Frosh-Soph Methodist Youth Camp at Conference Point on Lake Geneva, Williams Bay, Wis. They are Karen Horton, Clara Lassen, Norma Brown, Sharon Davis, Alan Moorman, and Glen Siedschlag.

Rev. Howard Benson, pastor of the Methodist church of Antioch, is associate dean of the camp. Mrs. Benson will serve as a cabin counselor and lead an interest group on "Nursing as a Vocation."

More than 300 high school youth plan to attend this week's camp. This is but one of thirty camping periods sponsored by the Rock River Conference of the Methodist Church this summer.

Local youth who have attended other Methodist camps are Margo Ott and Mary Jane Jensen.

MRS. WAGNER ENTERTAINS WOMAN'S CLUB BOARD

Mrs. John Wagner entertained the board of the Antioch Woman's club at her home on Monday afternoon at which time it was decided to schedule regular board meetings on the third Monday of the month during the club year.

A proposed music group was discussed and Mrs. Wagner, music chairman, was encouraged by the group to go ahead with plans for organizing it.

The hostess schedule for the coming year was made out and it was reported that the programs had been set.

Mrs. Clarence Spiering, club president, announced a Lake County Federation party at the Michigan Shore club in Wilmette on August 14 and said that it was open to all members of the club.

Lake Villa Library Indians Encourages Children to Read

The Library Indians, a reading group for young children, which meets each Saturday morning 10:30 to 11:30 in the Lake Villa Township Library, is growing in popularity. To date, 58 children have received head dresses and feathers. Readers have been secured from the Lake Villa Woman's club and the P. T. A.

Readers the last two Saturdays were Donna Martin and Mrs. Wesley Hayes.

Neel Boss, Lake Villa, Enters Missouri Military Academy, Sept 3

Neel Boss, son of Mr. and Mrs. Walter Boss, Crooked Lake Oaks, Lake Villa, has been accepted as an eleventh grade student at Missouri Military Academy, Mexico, Mo., for the 68th session beginning Sept 3, it was announced recently by Col. C. R. Stribling, superintendent.

As a member of the M.M.A. Cadet Corps, Neel will join boys from 18 states and 10 foreign countries in a program of academic work, ROTC military training, 14 different varsity and intramural sports, and extra-curricular activities.

Antioch Teacher Attends Clinic
Antioch Grade School teacher, Mrs. Wanda Barthel, returned last Saturday from attending a one week remedial reading clinic at Illinois State Normal University. The clinic was headed by Mrs. Maude Cleworth of the University of Chicago.

NOTICE

A Bakery Sale will be held Friday and Saturday, July 27 and 28 at the Antioch Methodist Church in conjunction with the Annual Rummage sale. It will open at 9:00 a.m.

Something Has Been Added
If the gasoline bill is a little higher these days it is because an extra two cents has been added by the federal government to the price of every gallon. This revenue will be used to build toll roads. The sad part of it is that Illinois will pay out about \$7 million and get back \$2 million.

C. W. Pflager Return After Two Month Trip To Seven Countries

"Europe is very beautiful in the spring," stated Mrs. C. W. Pflager of Channel Lake. She and her husband returned to Antioch recently after visiting seven N. European countries on a tour of over two months.

Going by boat as she has done on three previous trips to the Continent, Mrs. Pflager crossed the Atlantic on the Queen Mary. Despite the other trips, the countries visited on this year's tour (from April 25 to June 24) were all new to her.

"We had a very harmonious trip," Mrs. Pflager remarked. "There were only two days of rain the whole time, and all the trees were in blossom. Europe was just like a big bouquet."

The Pflagers visited several places made famous in English literature, including the prison Byron wrote about in "The Prisoner of Chillon" and Elsinore Castle, the setting of Shakespeare's play, "Hamlet."

Although they traveled through England, Holland, Switzerland, France, Belgium, Germany, and Denmark, Mrs. Pflager felt they all seemed small. "The whole of Europe is just a spot compared to the rest of the world," she stated, "yet all the big wars were there."

Speaking of wars, she mentioned that a lot of scars still remain. America has done a lot for the people in Europe, especially in building up commerce, and "everyone was grateful," she said.

The main purpose of the Pflagers' trip was to visit friends in West Germany, and they spent two weeks with them in Flensburg.

Mr. and Mrs. Fred May returned home Saturday after spending a week in northern Minnesota.

Card of Thanks

I wish to express my sincere appreciation to my friends and neighbors for their many acts of kindness shown me, also for the cards and gifts sent me during my recent illness.

L. R. Van Patten, Sr.

Thank You

I would like to take this opportunity to thank all my friends and neighbors for the fine cards and flowers given me while I was in the hospital, also the Antioch Rescue squad for their services.

25 Members Attend 1936 Class Reunion; Graduates of A.T.H.S.

It was a happy occasion as members of the Antioch Township High school class of 1936 got together last Saturday evening at Smart's Country House for the first time since their graduation 20 years ago.

Twenty-five members of the class of 53 were present, and 23 of them had wives or husbands as guests where both were not members.

Response either by attendance, card or letter was obtained from 44 of the 53 members, all of whose addresses are known.

Special guests were the sponsors of the class, Mrs. Albert Herman and M. M. Stillson, the American history teacher at the time of graduation, Miss Alice Smith, and the office secretary, Mrs. Mildred Hulick to all of the teachers of 1936.

During the dinner a cablegram was received from Hans von Holweide, the music teacher, who is vacationing in Switzerland, and sent his greetings and regrets that he could not be present.

The class officers were present. They are Mrs. Doris Edwards Miller, president; and Bruce Dalgard, vice president.

The committee in charge, Mr. and Mrs. Bruce Dalgard and Mr. and Mrs. Richard Bennett, all four members, Mrs. Florence Dexter, Trevor, and Homer White, was re-appointed to plan another reunion at the 25th anniversary in 1961.

Records show that members of the class have scattered to many states, one living as far away as Saudi Arabia. Six live in Wisconsin, five in California, three in Arizona, two in Missouri, and one each in Florida, New York, Michigan and Tennessee. The rest live in Illinois.

Two Antioch Boys Aboard Navy Cruiser

Included among 3000 midshipmen from the U. S. Naval Academy and the Naval Reserve Officers Training Corps of 20 colleges and universities, who are participating in a training cruise in the Atlantic, is Dennis W. Brezina of Antioch. He is the son of Mrs. Bessie Boyd of 258 Park ave., and is a sophomore at the U. S. Naval Academy.

At the end of his first year at Annapolis, Brezina ranked 14th in a class of 941.

Dennis W. Brezina

Also from Antioch on the cruise, Walter G. Kenimer, personnel man third class, is aboard the heavy cruiser U. S. S. Des Moines. Brezina is aboard the destroyer USS Wren.

The group left Norfolk, Va., June 4 aboard two battleships, two heavy cruisers and 16 destroyers, bound for ports in Sweden, Norway, Denmark, England and Germany. The future naval officers are undergoing "at sea" training in duties and life aboard a warship.

Gunnery training at Guantanamo Bay, Cuba, will climax the cruise before the ships return to Norfolk on August 2.

West School at Camp Lake Closed by State

Failure of the operators of the West school for retarded children, formerly located in Antioch township and now at Camp Lake, to appear to contest a license revocation hearing at Kenosha Tuesday will result in closing of the school.

Failure of the school to make proper reports and to comply with other State welfare board requirements caused the action of the board. Miss West was discharged by operators of the school last May for alleged cruelty to the pupils.

Take Notice Texas

During June, Illinois produced an estimated 6,807,000 barrels of oil. In the same month 401 wells were completed, including 165 oil producers and seven gas wells.

Almost 100 more wells were drilled during the first six months of 1956 than for the same period of 1955, which was the second highest year for oil well drilling in Illinois.

It now seems probable that 4,000 or more oil wells will be drilled in the state in 1956. The number of wildcat wells being drilled now is much greater than a year ago.

Incidentally, there are more millionaires in Chicago alone than in the whole state of Texas where are said to be so many millionaire oil men.

Review Antioch School Days After 20 Years

NEWS-SUN PHOTO

School days were the chief topic of discussion as teachers and pupils of the class of 1936 of Antioch Township High School got together Saturday evening at Smart's Country House. Here are left to right, Mrs. Albert Herman,

who was the class adviser; Bruce Dalgard, class vice-president; Mrs. Doris Edwards Miller, class president; and M. M. Stillson, class adviser. (Polley Photo.)

Yanks Lead in Second Round of L. L. Play; First is Uncompleted

All-Stars Play Libertyville There on Sat., July 28; Practice Starts

The Yanks and Dodgers opened the second round of play in the Little League Tuesday night. The Yanks won 10 to 2 using Roger Brown and Henry Lindblad on the mound and Richard Good behind the plate. The Dodgers used Smith and Blas as pitchers and Van Roogen as catcher.

Wednesday night the Cubs defeated the Tigers 6 to 4.

Thursday night the Giants whipped the Sox 15 to 1. The Giants used Osga on the mound and Furlan behind the plate. Furlan hit a home run in the game. The Sox used Miller and Sullivan as pitchers and Carter as catcher.

Friday night the Yankees beat the Tigers 15 to 5, behind the pitching of Good, Brown and Wenniger.

The first round title still belongs to the Yanks pending the outcome of the two games the Giants have yet to play and the game the Dodgers have left from the first round schedule. The Dodgers beat the Sox Sunday and, if they beat the Giants in the game scheduled for this week, will nose the Yanks out of first place by a few percentage points. If the Giants beat the Dodgers and can whip the Sox they can also end up in the first place spot.

Last Saturday the Little League All-Stars had their try-outs. Each coach sent his best players up for the trials.

The coaches of the All Star squad hope to pick a 15-man starting lineup at the practice next Saturday. The first game for the Antioch Little League All-Stars will be with Libertyville at their diamond, at 2 p. m. on Saturday, July 28.

The second round standings as of Sunday, July 16, were as follows:

Team	Sponsor	Won	Lost	Pct.
Yankees	Nat'l Bank	2	0	1.000
Giants	Ant. Lumber	1	0	1.000
Cubs	Ant. Servicenter	1	0	1.000
Sox	Dupre Heating	0	1	.000
Dodgers	L. V. Drugs	0	1	.000
Tigers	State Bank	0	2	.000

The games scheduled this coming week are as follows:

Thursday, July 19, 6:30 p. m.—Dodgers vs. Giants.

Friday, July 20, 6:30 p. m.—Tigers vs. Sox.

Sunday, July 22, 1:00 p. m.—Sox vs. Yankees.

Tuesday, July 24, 6:30 p. m.—Cubs vs. Dodgers.

Thursday, July 26, 6:30 p. m.—Giants vs. Tigers.

Crop Variety Showing At Behm Farm July 20

Farmers of Lake county will have a first hand opportunity to study thirteen oat varieties and 5 soybean varieties at a demonstration test plot meeting Friday, July 20, according to Ray T. Nicholas, Farm adviser.

The meeting will be held at the Roy Behm farm starting at 1:15 p. m. This farm is located about one and one-half miles west of rte. 83.

Farm Adviser Nicholas will discuss the different varieties of oats and soybeans in the test plots. The following oat varieties will be discussed:

Beedee, Bonda, Branch, Clintland, Clintate, Clarion, Clinton 11, Fayette, Garry, Logan, Nemaha, Newton, Sauk, and Wauby.

Soybean varieties in the plot are: Adams, Blackhawk, Chippewa, Harsoy, and Hawkeye.

Stay Home and Catch Them Like These

There are big fish in lakes near Antioch as shown in this catch of Hank Palm, proprietor of Palm's Resort, Lake Catherine, and William Jankovsky, Chicago, supervisor of the Illinois House of Correction, who is a long-time fisherman of this area. The string comprises northern pike, bass and catfish, all caught in Lake Catherine recently.

Antioch Area Holsteins Made Fine Showing At Black and White Exhibit Last Friday

Antioch area dairy breeders played a prominent part in the Holstein-Friesian show at Grand Ave. Picnic Park east of Rte. 45 on Grand ave. last Friday.

The Ravensglenn farm of Robert Hunter at Rte. 45 and Rte. 173 won the grand champion in male class with its senior bull calf, Ravensglenn Ormsby Genius Triune.

In addition to this honor the herd brought many other blue ribbons. Another strong contender for blue ribbon honors were animals from the herd of Alfred Ames of Rte. 173 west of Zion.

Barbara Ames, the daughter, won the showmanship contest among girls; and William Ames, the son, won the second in showmanship among boys. Barbara's animal also won the grand championship in the junior class.

Second in showmanship among girls was Patsy Salesman of Wauconda. She will be remembered in Antioch as the little heroine who saved her brother from a burning

trailer years ago at the Ravensglenn farm where her mother was working. She and her parents are now outstanding cattle raisers.

Winner of the junior grand champion among boys was Roger Paddock, son of Mr. and Mrs. Ronald Paddock of Volo, who also won the boys' showmanship contest.

The other outstanding exhibitor was the Elmwood Farm of Robert V. Rasmussen at Lake Forest.

The Ravensglenn farm, once the property of E. A. Ravenscroft, Abbott Laboratories executive, gained wide fame as a Holstein dairy farm and a famous bull was buried on that farm with a plaque marking the grave.

The Ravenscroft herd was dispersed, but enough of it was acquired to carry the name. Now Hunter is building up the reputation again.

The show of 76 top animals was the largest single county exhibit in a three-state area.

Junior Holstein Assn.

Formed in Lake County

At a meeting held in the Farm Bureau hall on July 2, 13 young Holstein breeders organized the first Lake County Junior Holstein association.

LeRoy Wegener, chairman of the adult organization's Junior committee conducted the business meeting which was attended by boys and girls between the ages of 10 and 20.

A constitution was adopted with dues set at 25c annually, membership cards were given all those present and officers were elected.

Roger Paddock, 17, of Volo, was elected president.

James Murrie, 17, of Kenosha, was named vice-president.

Stanley Flood, 13, of Libertyville, was made secretary-treasurer.

Elaine Paddock, 14, of McHenry, was elected club reporter.

Three directors named were: Jane DeMeyer, 12, of Libertyville; Bill Bonner, 13, of Wadsworth; and Deryl Denman, 11, of Lake Villa.

The officers and directors will be known as the Executive committee.

The first event the newly formed group participated in was the Annual Lake County Black and White Show which was held on Friday, July 13, at the Grand Avenue picnic grounds.

The members have ordered T-shirts with a Holstein Cow and the club name to publicize their organization. Any interested boy or girl

should contact one of these young people, Mr. LeRoy Wegener, or the Farm Adviser's office.

Teen Agers League Monday, July 2

For the second week in a row, the Bombers won the high team series with games of 445, 519, and 498, and a total score of 1462.

Royal Rockow had the highest individual score, 429, with games of 182, 146, and 101.

The Hot Shots won three games from the Galloping Ghosts, while the Four Lovers also won three from the Four Aces. The Four Roses won three games from the Four Diamonds.

The Wild Cats twice defeated the Alley Cats, and the Bombers won three games from the Four Bunions.

Monday, July 9
The Four Roses had the highest team series with a total of 1500, after games of 570, 526, and 404. Bill Carney was top individual scorer with games of 108, 195, and 132, equalling a total of 435.

The Galloping Ghosts won two games from the Four Diamonds, and Wild Cats won twice from the Four Bunions.

The Hot Shots and the Four Roses each won twice over their respective opponents, the Four Aces and the Bombers.

The Four Lovers won all three games from the Alley Cats.

School for the Retarded Possible in This Area

A group of parents and interested citizens from Antioch were given encouragement last Thursday evening by Wesley Brown, president of the Retarded Children's Educational Society of Lake County, regarding prospects for a retarded children's school in this vicinity.

Mr. Brown said the organization is anxious to help all mentally handicapped in Lake County attend school, and that the society would seek to find ways to support a school in the Antioch area with necessary help from the parents concerned.

A meeting is planned for the near future, and the date will be announced later. At that time all interested persons are urged to attend in order to determine the number of children eligible for such a class.

For further information call Antioch 282-W-2 or 150-W.

Albert Klass, chairman of the ways and means committee of the Retarded Children's Educational Society of Lake County announced last week that the second annual all-star softball game between the National and American Leagues at Dugdale Park at 7:30 p. m., July 25, would benefit retarded children of Lake County attending the society's three schools.

Mentally handicapped children of Lake County are being screened this summer by Mrs. Delilah White, the society's psychologist, for possible entry in the organization's three schools in Zion, Gurnee and Libertyville. Forty-seven pupils are enrolled at present.

Former Antioch Teacher Returns After Teaching In Japan Last Year

A former Antioch Grade school teacher, Miss Joan Crawford, of 1414 N. Jackson st., Waukegan, returned recently from Nagoya, Japan, where she had spent last year teaching third grade to 28 American youngsters.

Most of her pupils were children of employees of the United States Air Force at Nagoya. The fathers of her students, some of whom had lived previously in Germany, are servicemen, civilian employees, and missionaries.

During her year in Japan, Miss Crawford also visited Hong Kong and Bangkok, Thailand. Miss Crawford spent her vacations traveling. One time she went by train, boat and plane on an island sea trip to explore the Nipponese empire on its chain of islands.

Around August 19 Miss Crawford plans to return to Nagoya where she will teach for another school term.

Antioch Boy Wins Top Auto Designing Prize

George W. Kellogg, 19, Antioch is one of the top automobile designers in Illinois. Kellogg won first place for Illinois in the senior age division of the 1956 Fischer Body Craftsman's Guild model car competition.

Kellogg's prize is \$150 in cash and an expense-free trip to the Guild convention in Detroit on July 31. At that time his model car will compete with other regional winners for one of the university scholarships offered as national awards.

Each year the Fischer Body Craftsman's Guild distributes \$115,000 in cash and university scholarships to the nation's best teen-age model car builders and designers.

Dairy Farmers to Get 35c More on 100 Lbs. For June Shipments

Dairy farmers who shipped milk to the Chicago market during June will receive prices for their milk 35 cents a hundred pounds more than in June, 1955, Harry Edwards, Sales Director of Pure Milk association said today.

The price to be paid to farmers for June-delivered milk also is two cents a hundred higher than paid in May.

Milk prices for the month of June were announced today by the Federal Milk Market Administrator in Chicago.

Dairy farmers who shipped to the Chicago market in June will receive two prices for their milk. The base price is \$3.77. The excess price is \$3.37. Both prices are for 100 pounds of milk, testing 3.5 per cent butterfat delivered to plants in the 70-mile zone. There are about 46.5 quarts of milk in 100 pounds.

June is the last month of a four-month period in 1946 when dairy farmers will be paid on a base and excess price. The base and excess price system is a level production technique incorporated in the Chicago Market Federal order to even out farm production over the year.

The base price of \$3.77 for June is paid to a farmer for an amount of milk delivered which is equivalent to his average production during September, October and November, 1955. The excess price of \$3.37 is paid to a farmer for all milk delivered over this amount. A dairy farmer may actually get more or less than these prices depending on his location in the milkshed and on the average butterfat test of his milk during June.

Two Died of Burns.....

(continued from page 1)
suffering from multiple fractures, cuts and bruises.

Miss Pitts, driver of the third car which was badly damaged, suffered a neck injury.

Herman Holbek, captain of the Antioch Rescue squad, said that his squad was first notified of the accident and he in turn used the truck radio in calling sheriff's deputies to the scene. He said that he and his men used three large bomb sprays on the men injured by burns to give temporary relief from the burns.

The dead were taken to the Strang Funeral home and later to Chicago for burial.

4-H Girls Complete Their Projects Fri.

The 658 home economics club members from 45 clubs in Lake County will complete their projects at the annual County 4-H show, to be held at the Libertyville-Fremont High school on Friday, July 20. There will be morning and afternoon programs open to the public.

In the morning, from 9:30 until 12 noon, girls enrolled in the 4-H foods projects will give a program of demonstrations. Also, during the morning, all the girls in the 4-H clothing project will have their garments judged. In the afternoon, at 1:30 they will put on a style show with some 400 girls participating.

The judges will select 18 girls from Lake County to attend the Illinois State Fair at Springfield, August 14 to 18, and take part in foods and clothing classes and demonstrations there. The judges for the event are as follows: Mrs. Alfredda Dickinson, Mrs. Cy Lauer, Mrs. George Miller, Mrs. Robert Kelton, Jr., and Mrs. Lee Miller.

The program has been arranged by Mrs. Helen Volk, Lake County Home Adviser, assisted by the County 4-H committee, who are: Mrs. Roy Fleming, chairman, Mrs. Clarence Naffziger, Mrs. Lawrence Day and Mrs. John Mercer.

Come out and see the fine work the 4-H members are doing!

4-H Clubs to Benefit from Theatre Party

Home Economics 4-H clubs and members of the Lake County Home Bureau are sponsoring a theatre party on Thursday evening, Aug. 9, at 8:15, at the Lake Forest college field house. The comedy-melodrama "Because Their Hearts Were Pure" will be given by the Lake Forest College players. This is an entertaining play which will provide amusement for members of the entire family.

Four-H and Home Bureau members hope to sell several thousand tickets. Proceeds will be used to continue the large 4-H club program being sponsored in Lake County. Tickets are available from Home Bureau and 4-H leaders and members. They are asking your support in this project and inviting you to have an enjoyable evening at the theatre.

To Give 4-H Awards at Fair

A new type of award program has been announced by the Pure Milk Association, according to Ray T. Nicholas, Farm adviser. The directors of District of which comprises Lake county will award each 4-H club dairy member exhibiting at the County 4-H Club show July 26-29 a special cash prize. This cash prize, say the directors, will help in defraying some of the transportation expenses incurred by the members in bringing their animals to the County Fair and 4-H Show.

Home handymen and hobbyists find a portable power saw about as useful as any electric tool in the shop when it comes to saving time and taking the drudgery out of woodworking.

To meet their needs, Thor has designed the heavy-duty unit shown with sufficient capacity, range and power to satisfy a professional in the building trade, yet ideally suited to amateur use.

This 7 1/2" power saw has an automatic telescoping guard that rides on anti-friction ball bearings, a simple wing-nut adjustment to control depth of cut and angle cuts to 45°. An adjustable protractor helps make positive and accurate angle cuts. Cutting and rip guides also aid accurate work.

The telescoping blade guard, along with the compact, streamlined handle, are important safety factors permitting safe withdrawal of the guard for plunge cuts. Gears and bearings are sealed in grease to make maintenance easier.

This new lightweight power tool is housed in a polished aluminum shell and has a series-wound motor that works on both AC and DC. The motor, which has a special ventilation system to assure cool operation at high speeds, develops 1 1/2 horsepower and runs at 3400 rpm free of load. A sawdust blower keeps cut-off lines clear and visible.

Cutting to a maximum depth of 2 1/2" or a minimum of one-eighth inch, it is equally at home inside or outside the home, on heavy two-by-fours or on thin plywood. It cuts to a maximum depth of 1 1/2" on angle work.

The SpidSaw itself, a combination blade, a rip fence and a 10-foot cable with grounding connector are included in the price of just under \$65.00. A steel carrying case, along with cut-off, rip, flooring and hollow-ground blades are available at extra cost.

Adamowski Tells Local Republicans Hodge-podge Will Be Cleaned up Before November Election

Candidates for Treasurer To Be Dem. Speaker at Lake County Fair

The Democratic state candidate for treasurer will talk about the "Hodge-Podge" in Springfield during an appearance on Democratic Day at the Lake County fairgrounds July 27. Raymond A. Jadrich, chairman of the Lake County Democratic Central committee, said today, Arthur L. Hellyer, was expected to talk about the current state scandal.

Democratic Day was designated by the Lake County Fair association. The following day, July 28, will be Republican Day at the fairgrounds. Jadrich, in announcing the event, said L. A. Nordhausen, secretary of the Fair association stated that it was the opinion of the Fair association that both political parties should be recognized.

Democratic Day, according to Jadrich, will include a 10-minute session during the afternoon, at which time, Democratic officials and candidates will be introduced to the attendance. At 7 p. m. Hellyer will give his talk.

The committee chairman also asserted the Democratic party will have a booth in the Midway. Literature and novelties will be available and subscriptions will be taken for the National Democratic Digest.

Jadrich urged Lake County Democrats to make a special effort to be present at the Fairgrounds on Democratic Day. He also extended his thanks to the Fair association stating that the invitation was another step in recognition of Lake county Democrats by a non-political organization.

The fair will be held July 26 through the 29th at the fairgrounds at Routes 45 and 120.

Benjamin Adamowski, Republican candidate for state's attorney of Cook County told Antioch and Lake Villa Republicans at a GOP meeting Sunday afternoon that Gov. William G. Stratton will clean up the Orville Hodge scandal in Springfield long before the November election.

The meeting was held at the west end of the Ackerman lot and shared the entertainment of the American Legion-Knights of Columbus carnival.

Adamowski, a former Democrat and state representative, who bolted his party to become a Republican, lauded Stratton for stepping into the picture in the Hodge case.

Hodge, state auditor, is said to have issued 42 checks from his office in the amount of \$544,000 and that the persons to whom the checks were made out to never received the money.

Hodge has resigned his office, and withdrawn as a candidate for reelection at Governor Stratton's demand.

He was the biggest vote getter in the last election and was even considered as the next candidate for governor.

Tent City.....

(continued from page 1)

pies, cookies, honey, and dairy products.

In addition to the above there will also be many exhibits by 4-H Club members including project activities and special educational displays.

Also there will be the midway with its thrill rides and carnival fun, the huge commercial tent where hundreds of enterprising merchants display the latest in farming and homemaking equipment.

AN ORDINANCE FIXING THE ANNUAL APPROPRIATION FOR THE VILLAGE OF LAKE VILLA, LAKE COUNTY, ILLINOIS, FOR THE FISCAL YEAR BEGINNING MAY 1, 1956, AND ENDING APRIL 30, 1957

BE IT ORDAINED BY THE PRESIDENT AND BOARD OF TRUSTEES OF THE VILLAGE OF LAKE VILLA, LAKE COUNTY, ILLINOIS, THAT:

SECTION 1: The following sums as hereinafter specified, or so much thereof as may be authorized by law, are hereby appropriated to defray all necessary expenses for liabilities of said Village of Lake Villa, Lake County, Illinois, for the fiscal year beginning May 1, 1956, and ending April 30, 1957, to-wit:

Salary of President and Board of Trustees	\$ 1,500.00
Salary of Village Clerk	900.00
Salary of Village Treasurer	300.00
Salary of officers or employees in connection with the operation of the water supply and distribution system	2,000.00
Salary of Village Marshal	2,000.00
Salary and expense of Police	1,500.00
Salary of Village Maintenance Man	4,000.00
Hydrant rental	800.00
Maintenance of streets and alleys	2,500.00
Legal expenses and court costs	2,500.00
Maintenance of public buildings and grounds	2,500.00
Maintenance of sewers and surface drainage	5,000.00
Costs and fees of engineers	6,000.00
Lighting streets and public buildings	3,000.00
Water Dept.:	
Water main extensions	10,000.00
Water main repairs	1,000.00
Meters	1,000.00
Repairs	5,000.00
Election salaries, supplies and printing	500.00
Stationery and printing, postage and supplies	1,000.00
Purchase of auto squad car	3,000.00

Insurance and audit expense	2,000.00
Maintenance and supplies for squad car	2,000.00
Maintenance and repairs of truck and machinery	1,500.00
Park upkeep	1,000.00
General contingencies	3,125.00

MAKING A TOTAL APPROPRIATION OF \$95,625.00

SECTION 2. The said several sums of money are hereby appropriated for moneys received and to be received by the Village of Lake Villa from all sources.

SECTION 3. The unexpended balance of any item or items of any appropriation made by this Ordinance may be expended in making up any deficiency in any item or items in the same general appropriation made by this Ordinance.

SECTION 4. This Ordinance shall be in full force and effect from and after its passage, approval and publication as provided by law.

APPROVED: ERVIN L. BARNSTABLE, SR.
President of Board of Trustees

ATTEST: Neil Reidel
Village Clerk

APPROVED: Bernard J. Juron
Village Attorney

Passed: July 2nd, 1956.

Approved: July 2nd, 1956.

Published: July 19, 1956.

CERTIFICATE

I, NEIL REIDEL, do hereby certify that I am the Clerk of the Village of Lake Villa, County of Lake and State of Illinois, and as such, am the keeper of the records, ordinances and Seal of said Village.

I further certify that the above and foregoing is a true and correct copy of the Ordinance of said Village of Lake Villa, entitled, "An Ordinance Fixing the Annual Appropriation for the Village of Lake Villa, Lake County, Illinois, for the Fiscal Year Beginning May 1, 1956, and Ending April 30, 1957"; that said Ordinance was on file in my office for more than ten days prior to its adoption; that the said Ordinance was duly passed at a regular meeting of the Board of Trustees of the Village of Lake Villa, County of Lake and State of Illinois, on the 2nd day of July, A. D., 1956, and approved by the president of said Board of Trustees on the 2nd day of July A. D., 1956, as provided by law, and now remains on file in my office.

WITNESS my hand and the Seal of said Village of Lake Villa, this 2nd day of July, A. D., 1956.

(Signed) NEIL REIDEL
Clerk of the Village of Lake Villa

CAUGHT WITH YOUR SALES DOWN?

Mr. Merchant, if your sales are down, maybe your customers are slipping away!

Reliable statistics show that the average business loses 30% of its customers through death, dissatisfaction, moving to other areas, etc. Normal gains average 4%, leaving a deficit of 26 per cent! WHAT TO DO ABOUT IT? The surest, and most profitable way to increased sales, is consistent, timely advertising in your newspaper.

Come in or call! Let us help you plan an advertising program suited to your needs.

Millburn

Mrs. Frank Edwards, Correspondent
Phone Eliot 6-3323

Regular services at Millburn Congregational church July 22 include Sunday School at 9:30 a. m. and church services at 9:30 a. m. and 11 a. m. At both the church services the guest minister will be the Rev. Lewin Wakeland of the Washburn Congregational church of Half Day. The Rev. Mr. Messersmith will conduct the services at Half Day.

Millburn Home Sunday will be July 29, and there will be only one service. Sunday School and church services will be at 11 a. m. Bring the entire family and a covered dish as your contribution to the pot luck dinner. Coffee, rolls, butter and dessert will be provided for the dinner by the committee in charge.

The Devotional Study group met last Thursday morning at the home of Mrs. Verlon Groves at Druce Lake. On July 28 the group will meet with Mrs. L. H. Messersmith. Members of the Ladies Aid are sponsoring a bake sale July 21 at the church Saturday afternoon from 1 p. m. to 3 p. m.

Mrs. O. L. Hollenbeck wishes to thank her many friends and neighbors who remembered her on her 80th birthday.

The Mylo club served a spaghetti and meatball dinner to 110 persons last Thursday evening.

Mr. and Mrs. Herbert Messner spent Tuesday in Chicago.

Mrs. Orville Hairrell and sons of Waukegan were luncheon guests of Mrs. Elmer Hauser Thursday.

Mrs. Eva Alling of Waukegan was a caller at the Frank Edwards home Sunday evening.

Mrs. Charles Hoff returned to her home in Milwaukee Thursday after spending several weeks with her daughter, Mrs. Frank Hauser.

Mr. and Mrs. John Higgins and son of Cedar Rapids, Iowa, were recent guests at the Charles Timmerman home.

Mrs. Clifford Weber and family of Winthrop Harbor spent Sunday afternoon with her parents, Mr. and Mrs. Frank Hauser.

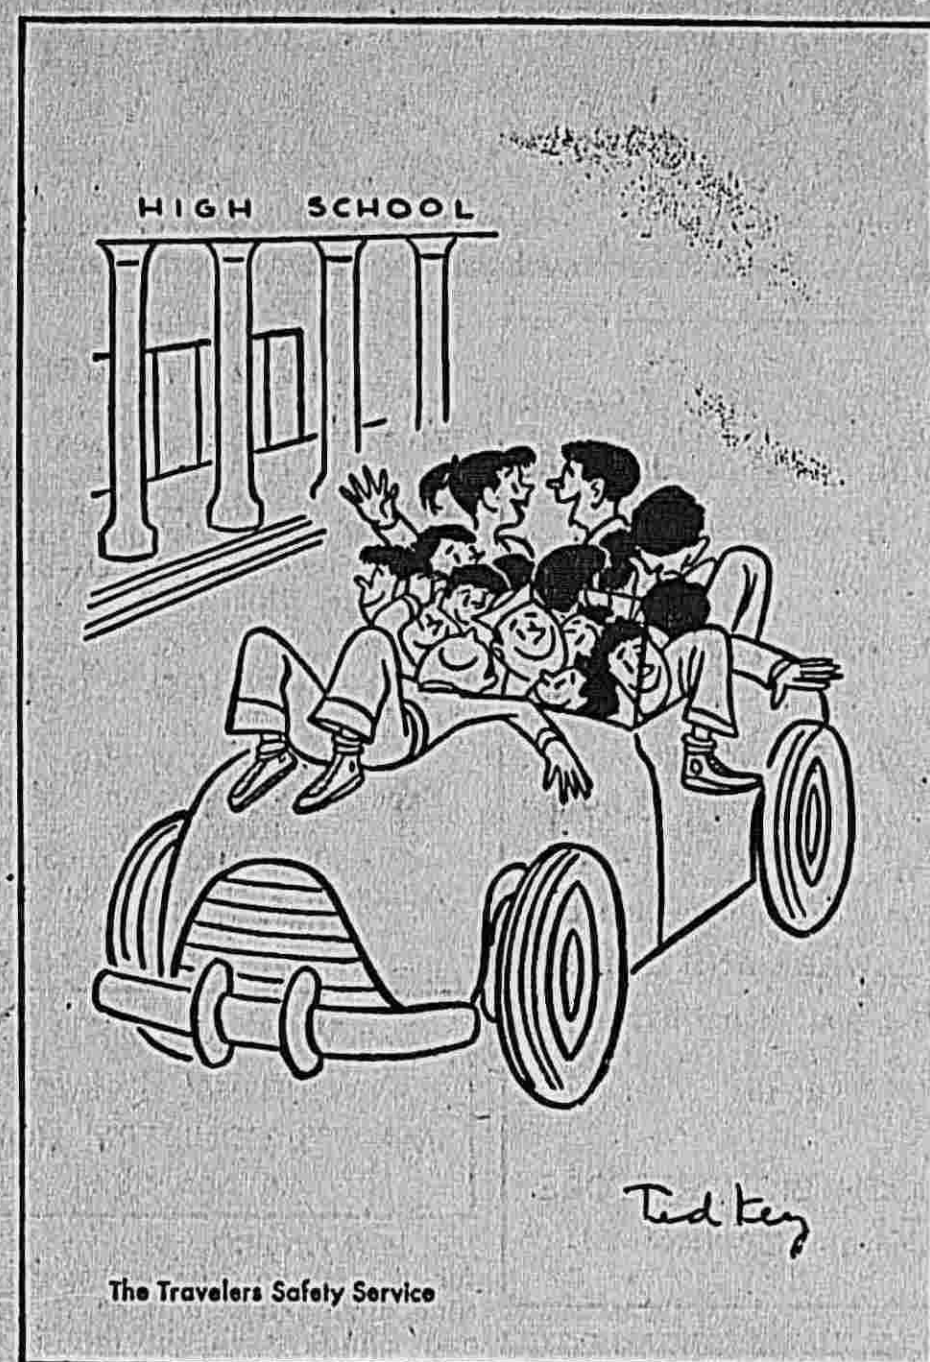

Mrs. Roy Laursen, Mrs. Carl Anderson, Mrs. Frank Edwards and Mrs. Thies of Mundelein were luncheon guests of Mrs. Herbert Messner Wednesday at the House in the Garden at Diamond Lake.

Mr. and Mrs. Herbert Graham and family and Miss Joyce Graham were dinner guests at the Don Voightlander home at Kenosha Sunday.

Rev. and Mrs. L. H. Messersmith returned home Saturday after spending several days at Pilgrim Park.

Summertime Storage Hints

SCIENCE IN YOUR LIFE

Guarding Against Lockjaw

For children, summertime is the barefoot time of the year—which makes it also a time of danger. For going without shoes, pleasant though it is in hot weather, invites tetanus, the deadly disease sometimes called "lockjaw".

Tetanus germs live in the soil, and they thrive best in narrow, deep wounds which are not exposed to the air. This is precisely the kind of wound most commonly inflicted on bare feet by rusty nails or other sharp dirty objects.

Fortunately, most children today have been immunized against tetanus by the "shots" which in many states and cities are given at school. The shots consist of the poison or toxin produced by the tetanus germ, but made harmless by special chemical processing. Though it can no longer cause the disease, it is still capable of provoking the body into producing a defense against it.

For those who have not been immunized, a dirty, penetrating wound is the signal to the physician for immediate injections of antitoxin. Recently, two Johns Hopkins researchers have suggested that penicillin or Terramycin, which kill the tetanus germs, be given along with the antitoxin; tests indicate that Terramycin is probably the more effective of the two.

Thus the dangers of lockjaw are no longer as grave as they once were. Both protection and effective treatment are now available. It's important, however, to give modern medicine full opportunity to protect your child — by promptly reporting deep skin injuries to your doctor.

EDDIE the EDUCATOR says

The adult membership of the American Red Cross has grown from 3,000 in 1905 to 23,200,000 in 1955.

The American Red Cross provides service to veterans at 73 Veterans Administration offices throughout the country.

FORD V-8

is the world's largest-selling eight!

...and here's why

When a V-8 engine appeals to so many people, it must have something special . . . and something special a Ford V-8 has! Look at the experience that backs a Ford V-8 . . . over 23 years more experience than any other V-8 maker in the low-price field! And where this experience really pays off is in performance . . . performance that smashed 30 world records at Kingman, Arizona, and was acclaimed best of all at Daytona Beach.

You can have this same kind of award-winning performance in either of two fabulous Ford V-8's . . . the mighty 225-h.p. V-8 for all Fordomatic Fairlane and Station Wagon models, or the great 202-h.p. V-8 for all Fordomatic models. Why wait—when driving a Ford V-8 is such fun!

THE WHOLE INDUSTRY SOUGHT
THESE COVETED AWARDS, BUT FORD
WON THEM. FORD IS FIRST IN . . .

PERFORMANCE

Plastics Develop New Farming Methods

Farmers and greenhouse owners are learning to use flexible plastic films in a number of new ways to step up operational efficiencies. The current widespread interest in plastic film as an aid in the conservation of farm water, for instance, is dramatized in this experimental installation completed recently under a program sponsored by the College of Agriculture at the University of California. Lengths of film were taped together to form a water-retaining liner for this farm reservoir which is 130 feet long and 100 feet wide.

In regions where rainfall provides inadequate moisture for normal plant growth, film-lined irrigation ditches can distribute supplementary water to thirsty crops. The plastic effectively eliminates the water losses caused by seepage.

Protection of silage is another promising on-the-farm use. Properly covered with plastic tarpaulins, silage stored outdoors remains in a high state of preservation. Tarps are easily rolled back for interim feeding of livestock.

The same material is used in greenhouses as an airtight covering during steam sterilization of seed beds and soil fumigation and, as a watertight liner, the plastic permits double decking of greenhouse benches.

The applications look so promising that one supplier of fumigants and agricultural specialties, Larvacide, Inc. of New York, already is offering a line of vinyl plastic tarpaulins and film rolls tailored to the new markets.

These heavy duty tarps and rolls have built-in resistance to sunlight, steam and gas fumigants. With proper care, they may be used for several years.

Memo From A Mother-In-Law

FOR MOTHERS-IN-LAW TO BE
Vivacious Spring Byington, America's favorite mother-in-law, who stars in CBS TV's "December Bride" offers these tips, especially appropriate during this festive wedding season.

When the time comes for writing "thank you" notes for wedding gifts, the new bride will be grateful for an accurately prepared list of who sent what gifts. Mom can be a big help in this department.

Both bride and groom will appreciate Mom's handling the packing for the honeymoon. It's so easy for the newlyweds to forget things in all the excitement.

Your new daughter-in-law will love your collection of favorite cook books and household hints. It's a tactful way to offer advice to the new homemaker.

Storing Carrots
Carrots should be stored in a cool place, preferably the refrigerator, but the tops should be removed and the roots washed before storing in a refrigerator.

Using Old Pie Pans
Old pie pans not needed longer may be painted or enameled to match the flower pots and used as saucers to catch the drip when flowers are watered.

FLAGS OF TRIUMPH

To remind Americans of our ancestors' battle for the liberties we enjoy today, Procter & Gamble presents some famous flags and their history.

LIVER PERRY FLAG
At the Naval battle of Lake Erie on September 10th, 1813, Oliver Hazard Perry, the Commander, was called on to surrender. His answer was to repeat the dying words of Captain James Lawrence: "Don't give up the ship." Perry won the battle.

LIBERTY TREE FLAG
Adopted by Massachusetts in 1776 to commemorate the tree under which the Sons of Liberty met just before the Boston Tea Party. British General Gage ordered the tree cut down.

FORT MOULTRIE FLAG
This flag flew above Fort Moultrie (then Fort Sullivan) in Charleston Harbor during the battle of June 28th, 1776. It was struck down and a Sgt. William Jasper replaced it under a rain of bullets, crying, "Don't let us fight without a flag."

BENNINGTON FLAG
This flag was carried at the Battle of Bennington, August 16th, 1777. Here the British forces under Burgoyne were turned back by Ethan Allen's Green Mountain Boys.

CONTINENTAL FLAG
Carried at the Battle of Bunker Hill, June 17th, 1775. It was at this battle that the Continentals first showed their mettle.

Bothered by Sarcophylla Penetrans Lately? No?

Has a sarcophylla penetrans bothered you lately?

If that word is unfamiliar, how would the shorter word chigoe be?

Well, then, let's make it plain chigger and everyone will know what is meant, except a few from the city who haven't trod the grassy fields.

Firemen who worked in the grass at Sequoit Acres during the fireworks display or at the grass fire near Smart's Country House are among the victims of this tiny flea which had its origin in Peru, S. A., but made its way to the United States.

The insect buries itself in the skin starting at the foot and ankles and works upward. It is so tiny it can hardly be seen, but leaves a red spot and causes an itching similar to that of a mosquito.

And don't take it too lightly. It has been known to cause serious illness.

The remedy, according to some doctors is to use collodion or nail polish. Lysol will kill the insect if its burrow is opened.

Dry weather at the start of the summer gave the pest a good start this year. To avoid it stay off grass and weeds.

Mr. and Mrs. Carl Regelman and daughter visited with Mr. and Mrs. Herman Metz.

Bert Metz entered his horse C-Note at Wadsworth, Ill., and won two fifth place blue ribbons.

Mrs. Millie Luehr and Mrs. Florence Larson were entertained by Mr. and Mrs. Ben Feldman last Thursday at Arlington race track. They lunched at the club house.

E. O. Johnson spent last week at the Shrine convention at Detroit. He was a member of the chanters group.

Week-end guests of Edna Stevens were the Nyholm sisters of Chicago. Sunday dinner guests were Mr. and Mrs. Reeb and daughter, Hildora Nyholm, Eva Nyholm, R. Nyholm, Harry Codran, Mr. and Mrs. Carl Larson. Monday the Krechler sisters called.

Week-end guests of Mr. and Mrs. Joe Galeske were Mr. and Mrs. Arleigh Dahm, Mrs. Dorothy Fuermann and Ruth E. Holmes.

Mr. and Mrs. James Carlson were Saturday night guests of Mr. and Mrs. Harold Severson of Petite Lake rd.

A pot luck picnic will be held Sunday afternoon on our carnival grounds, sponsored by the Ladies' auxillary.

Painting Aids Child Development

If a child is to learn the "skills of practical democracy"—living and planning together, accepting the will of the majority—many such learning opportunities must be created for him in the home.

We must begin early to build toward the adult, the future citizen. If we want adults to be capable of mature planning, we must teach them as children to plan, state educators at Michigan State University. Adults too often tend to give youngsters all the answers, whereas they need to begin planning and taking responsibility at an early age if they are to take it later on.

One of the best ways of bringing the child into more active participation in family affairs and of creating such opportunities is to draw him into the family council, particularly when matters directly concerning him are discussed.

For example, if the parents are planning to redecorate, when the child's room is done, let him help in planning the color scheme, the furnishings, and their arrangement. In thinking of color in relation to his own surroundings, he has a chance for creative expression, and in the framework of a situation which is real, not just play.

This experience can be carried a step further. It is even possible for the child to help in the actual execution of the project, particularly when latex paints are used. Because these paints are easy to apply with a roller, even a very young child can paint. Children generally do not have sufficient muscular coordination at an early age to use a brush but can easily handle the roller, with Mother's help of course.

Since the latex paints do not show lap marks, the wall will be quite presentable in spite of small hands, and as much or as little can be done at a stretch as desired depending on the child's span of attention. The project will be popular with the children, for children like projects that show results and show them quickly. Since the latex paints dry to the touch within an hour, the child can have the satisfaction of seeing the results of his work within a very short time. He has a real feeling of accomplishment and participation as curtains and pictures are replaced on the freshly painted wall he has helped to do.

Standing in a single line of march would form a line 800 miles long, formation, Red Cross volunteers the approximate distance between who served during the past year, New York City and Chicago, Ill.

Biscuits in a hurry?
Cut them out with the metal divider from an ice cube tray. Separate at dividing line after baking.

Cakes stick to pans?
Try this: Keep on hand in your refrigerator a combination of one part flour and two parts shortening. Use to grease and flour your pans in one operation.

More and more younger homemakers are discovering the fun and satisfaction of creating their own butters and getting their hands in their own homemade dough.

This is partly because of the wonderful new kitchens they have to work in. These, in themselves are an inspiration.

But mostly it's because this younger generation of homemakers is so well informed about nutrition and what it takes to keep a family well fed and happy.

Oddly enough, the scientific facts that these younger housewives have crammed into their pretty little heads have set them to turning out many of the same creations that their mothers and grandmothers put together before them. Like their mothers and grandmothers, too, they do their baking with unbleached flour. Ceresota, naturally, because only Ceresota is unbleached.

Feel like giving 'em cake this week?
Here's a recipe for one you'll want to bake again and again.

Chocolate Walnut Loaf Cake

Ingredients: 2 squares unsweetened chocolate, 1/2 cup shortening, 1 cup granulated sugar, 2 egg yolks, 1/4 cup sifted unbleached Ceresota flour, 1 teaspoon salt, 1 teaspoon soda, 1 cup sour milk or buttermilk, 1 teaspoon vanilla extract, 1/2 cup chopped walnuts. Directions: Melt chocolate over hot water and set aside to cool slightly. Cream shortening and sugar together thoroughly, add unbeaten egg yolks and blend thoroughly; blend in chocolate. Sift together flour, salt and soda; add to creamed mixture alternately with sour milk or buttermilk. Blend in vanilla and chopped nuts. Turn into greased 8" square pan or bread pan. Bake in 350 degree oven for 35-40 minutes. Cool. Frost with favorite icing.

That brings us down to the point where we just have room for one short recipe. But, depend on it, it's a good one.

Brownies

Ingredients: 2 1-ounce squares chocolate, 1/2 cup shortening, 1 cup sugar, 2 eggs well beaten, 1 tsp. vanilla, 1/2 cup sifted unbleached Ceresota flour, 1/4 tsp. salt, 1/2 cup pecans chopped. Directions: Melt chocolate in top part of double boiler over hot water. Remove from heat. Add shortening, sugar, eggs and vanilla. Mix well. Add flour and salt and mix well. Pour into greased 9 x 9-inch pan. Sprinkle with nuts. Bake at 400 degrees F. for 15 to 18 minutes. Cut in squares. Makes 25 1 1/2 inch squares.

Ceresota
Unbleached Naturally White

FLOUR

New Device Aids Study of Ultra Low Temperatures

DURHAM, N. C. — A four-inch length of spaghetti-size tubing filled with liquid helium is helping Duke University scientists explore the strange world of ultra low temperatures.

Dr. William M. Fairbank, of the Duke physics department, and two colleagues invented and developed this device, called a "heat rectifier," to produce extremely low temperatures more easily and quickly than ever has been possible before.

Their work marks another step in an eight-year-wide search for the best kind of "heat switch" to be used in getting down to temperatures only a few hundredths of one degree above absolute zero or minus 450.69 degrees Fahrenheit.

Long sought, but not yet attained, absolute zero is the temperature at which molecules stop moving around. Low temperature studies, now being conducted throughout the world, are valuable in uncovering more facts about the fundamental nature of matter.

The Duke heat rectifier lets heat travel in only one direction. It consists of a tube filled with a mixture of ordinary liquid helium and a rare form of helium produced by radioactive decay.

This mixture, a thin colorless liquid, will conduct heat from the top to the bottom of the tube but not in the reverse direction.

Increased Income For Next 25 Years

Los Angeles—There is good reason to expect that the average American family's income will increase by 70 per cent within the next 25 years.

This is the prediction of Dr. Neil H. Jacoby, dean of the Graduate School of Business Administration on the Los Angeles campus of the University of California. The forecast is contained in a new book, "Can Prosperity be Sustained?"

A former economic adviser to President Eisenhower, Dean Jacoby shows how Federal machinery for managing the economy is now flexible and powerful enough to prevent severe booms or depressions, if used skillfully by the President and the Congress.

"But, he warns, 'he would be a foolish man who managed his affairs on the assumption that business fluctuations are a thing of the past. We cannot assume that future recessions will be as mild as those following World War II and we still do not know how far business fluctuations—up and down—can go before they will be checked.'"

New Use Found for Grandpa's Flannels

CHICAGO — The pattern of grandpa's red flannels has been altered slightly and used to make a pressure suit for people with a serious type of low blood pressure.

The tight-fitting suit, made of elastic cotton-rayon knit material, applies pressure over the lower half of the body and helps prevent a patient with orthostatic hypotension from fainting when he stands up.

Orthostatic hypotension — sometimes called postural hypotension — results from inability of peripheral arteries to constrict and maintain enough pressure to force the blood back to heart. The condition may be associated with diabetes mellitus or may follow a sympathectomy, an operation to relieve excessively high blood pressure. A person with the disorder is all right as long as he is lying down, but when he stands, there is a sudden drop in blood pressure and he becomes faint — unless he's wearing a pressure suit.

We're Healthier, We Live Longer

BERKELEY, Cal. — University of California physiologists, after analyzing disease and mortality tables in Europe and America, reports that Americans are not only living longer and in better health, but that those in the middle years are physiologically four years younger than their predecessors living at the beginning of the century.

More individuals today live to reach adult life, they contract heart disease and cancer later in life, and it now appears that 5 to 20 years have been added to the productive early middle life.

Helping Hand

CHICAGO—A motorist's helping hand to fellow drivers got a court date for him and his mother.

Police arrested Earl L. Collins, 22, when he put a sign on his parked car warning of a radar trap ahead. His mother was arrested because she raised such a fuss about her son's arrest.

Wilmot Grade School Dist. Electors Favor \$50,000 Bond Issue

By an unanimous vote electors of the Wilmot, Wis., Grade School district approved a \$50,000 bond issue Monday to finance the construction of a four-classroom grade school building.

The building will be situated north of the fair grounds and will contain approximately 12,000 square feet. Construction will be started as soon as bids can be advertised and the contracts let.

Pupils are now housed in three rooms of the high school. In January of this year Wilmot High School district officials informed the grade school district that by September 1957 it would need the three rooms for additional classroom space to take care of an increasing enrollment. The new school will house eight grades.

Ten acres of land north of the fair grounds already has been obtained for the site.

According to a previous agreement with the high school district, the high school will contribute 50 per cent of the cost of construction of the new school. For this purpose the high school set aside \$10,000 last year and an additional \$30,000 at the annual meeting June 25.

U. of Ill. Geologist Has Beat the Heat

Probably the coolest member of the University of Illinois staff this summer is Prof. William M. Merrill, geologist. He's studying an ice cliff at the edge of a Greenland glacier, where the temperature never goes above 47 and snow falls in every month.

This is his second summer in a project under the U. S. Army Engineer's Snow, Ice, and Permafrost Laboratory. Snowfall, melting, and motion of the glacial ice is being studied.

Hickory Corners

Mrs. Wm. Thompson, Correspondent
Tel. 583W2

Mrs. Louis Lingard and three daughters from Armstrong, Iowa, visited at the home of her parents, Mr. and Mrs. William Richards last week. Mr. Lingard came Friday night, so they stayed and attended the wedding of their brother, Billy Richards to Miss Lorraine Deitch of Sheboygan, Wis., at St. Patrick's church at Wadsworth Saturday morning. The Lingard family left for home Sunday morning.

The William Richards family had company from Chicago, Elgin, Sheboygan, Fairchild, Wis., Waukegan and Kenosha over the week-end.

Mrs. Donald Birchfield and three children of Waukegan visited at the home of Mr. and Mrs. Joe Sheehan several days of last week.

Mrs. Eva Alling of Waukegan visited the Bert Edwards family Sunday afternoon.

Mrs. A. J. Stokes and Sidney W. Stokes of Chicago were Monday afternoon and supper guests at the Will Thompson home.

Pfc Gerald Hunter arrived home Monday afternoon on a 15 day leave from Chestertown, Maryland.

Lt. and Mrs. R. E. Hunter and children of Great Lakes were Monday evening callers at the Will Thompson home.

Mrs. Sarah Finkel of Chicago is visiting at the home of her son, Oscar Finkel.

Mr. and Mrs. Gordon Wells, Jr. of Round Lake and Mrs. Agnes Stevens of Millburn were Sunday dinner guests at the Gordon Wells, Sr., home. Afternoon callers were Mr. and Mrs. Harold Wells and children from Hales Corners, Wis.

Mr. and Mrs. William Hallada and family returned to their home at Port Washington, Wis., on Saturday morning.

Curtis Wells is a medical patient at St. Therese hospital, Waukegan, since Wednesday, July 11.

Mr. and Mrs. Parsons and Mrs. Mollie Robertshaw of Chicago were visitors at the Curtis Wells home on Wednesday.

Mr. and Mrs. Fred Leable attended the golden wedding anniversary dinner for Mr. and Mrs. Harrie Crowe of Kenosha on Sunday at the P. Y. C. in Kenosha.

Mr. and Mrs. John Robertshaw and family of Pennsylvania called at the Curtis Wells home on Tuesday, July 17.

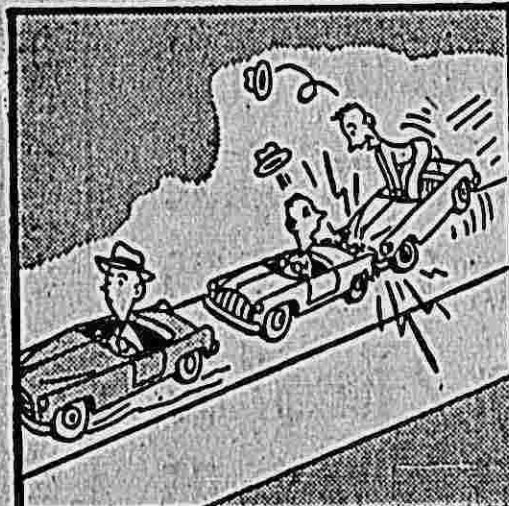

Mrs. Lois Singletary of Zion and Mr. and Mrs. Barnett of Kenosha were Monday evening visitors at the Fred Leable home.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

Many motorists are unaware of a recent ruling by the Illinois attorney general which deals with motorists who cause or contribute to an accident but are not actually involved in the accident. According to the ruling, a motorist may be prosecuted if he fails to stop after his manner of driving has caused other cars to become involved in an accident.

For an example, one car might stop on the highway, a following car might also stop and then be struck by a third vehicle proceeding in the same direction. The driver of the first car would not actually be physically involved in the accident.

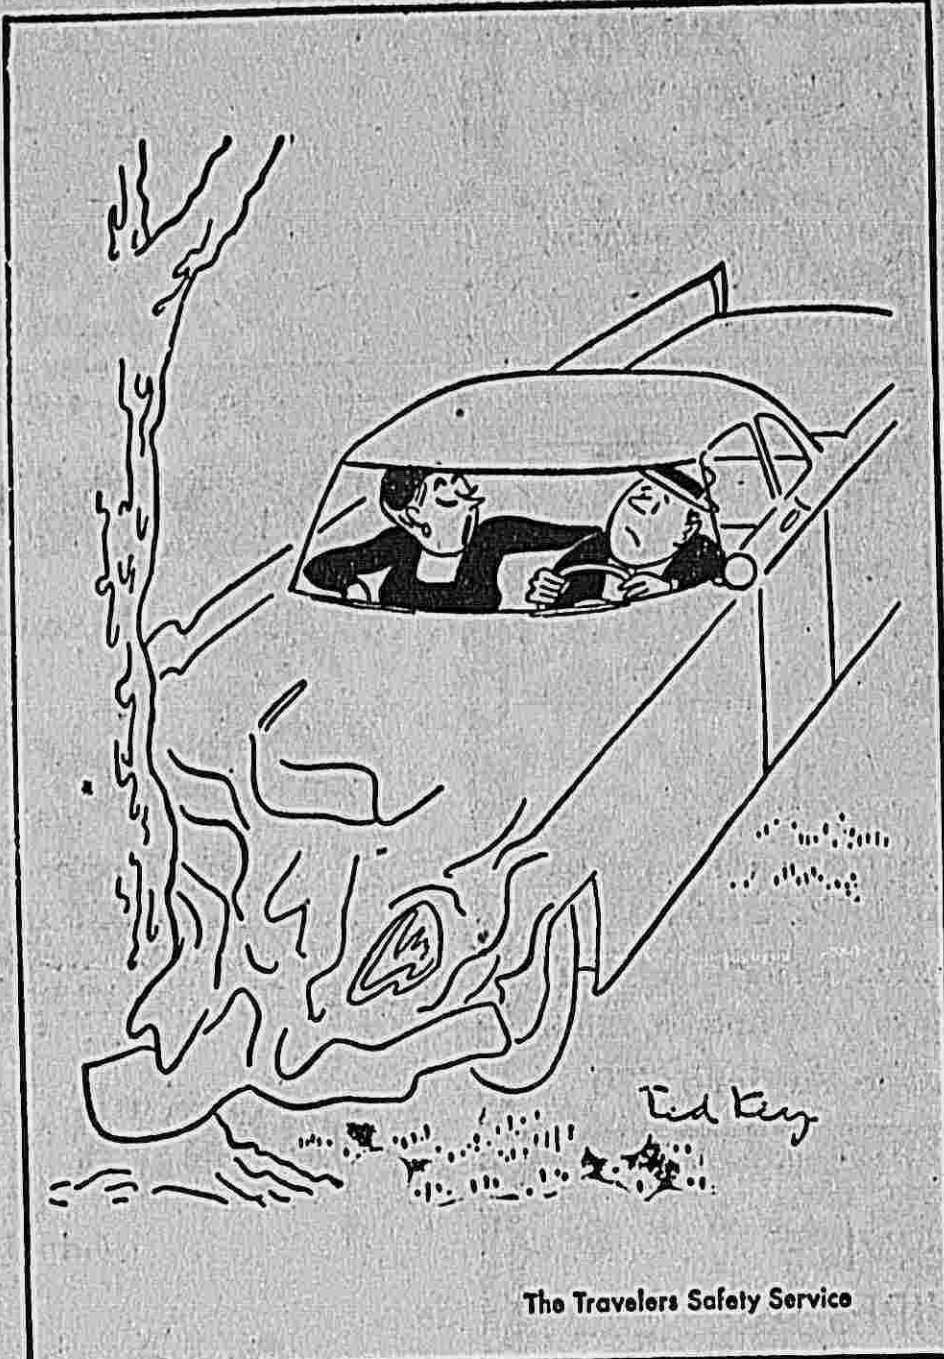

The ruling also states that lack of actual knowledge of the accident and damages on the part of the defendant is no defense itself if the evidence establishes circumstances justifying application of the rule of law that he should have had knowledge of the accident and resulting damage caused by his conduct.

Every motorist should know that he should stop after he himself has become involved in an accident. In many cases aid will be needed by the driver of the other vehicle. It may even be necessary to summon a physician or an ambulance. In addition, sometimes it will be necessary to make a report to the Division of Highways, and to fill out such a report correctly and in full. Some of the information required is obtainable only from the driver of the other vehicle.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Ideas for Gracious Living by WALDMAN

It's no longer necessary to switch on bright lights in the middle of the night that might wake baby. The new Luxtrol unit controls home lighting with just a twist of a dial—from near dark to bright. You get just the degree of lighting needed—when you want it.

U.S. Marines Visit Ontario

In a goodwill visit recently to the Province of Ontario (Canada) a squad of twenty members of the U.S. Marine Corps joined in a colorful and historic spectacle at Fort Henry, Kingston. Here, the members of the Fort Henry Guard, who leave shortly for England where they will join in the Royal Tournament at London, entertained the Marines, marking their departure. The impressive proceedings were held in Fort Henry which is an outstanding attraction to vacationers to Ontario from the United States. Shown above are some of the officers, of both Ontario and the U.S. Left to right: Captain J. Purcell, of the Royal Canadian Regiment, which also joined in the ceremony with their band; Lieutenant Jack Sisson, of the Fort Henry Guard, and right, Lieutenant A. D. Beach, U.S. Marines, Washington. Lieut. Beach's home is in Wheeland, California.

Coast Guard Suggests Reckless Boatmen Be Fined in Local Courts

The Chain of Lakes Resort Owners Assn. was told by Coast Guard representatives Monday in Fox Lake that members should look to their water patrols, mayors and village trustees to enforce the law against reckless driving of motorboats on the lakes.

Capt. Philip Ovenden of Washington, D. C., marine inspector for the Coast Guard, told the resort owners that when the Coast Guard makes arrests, it becomes a federal offense and it is necessary to take the defendants to Chicago, keep them in jail a few days and then have the trial, which is a slow method.

When local authorities bring the charges, the hearing can be held locally, speedily and more satisfactorily.

The resort owners say that unless the speeding is at least limited to certain areas, they might as well quit the row boat business.

The Coast Guard already has boarded 9,400 boats in the Cleveland area this year already, a number that was the total for last year.

Lake View Subdivision Residents Meet and Talk Road Maintenance

Twenty-five leading residents of the Lake View subdivision and contiguous area met recently at the island residence of Mr. and Mrs. P. B. Juhnke on Lake Marie, and discussed matters of communal interest such as road maintenance, and protection of property against marauders who lately have made themselves noticeable.

The meeting was conducted by S. Demaraski with Mrs. Jerry Morgan serving as secretary-treasurer, and Charles Smith and Mrs. A. Barkin as coordinating officer and publicity director.

Enough subscriptions were obtained to cover a substantial part of the cost of filling and grading Venn road. Plans for a more permanent paving were discussed. This is a measure of considerable interest to all property owners in the area by its favorable effect upon property values.

Jerry Morgan told of his contact with the sheriff's office in Waukegan and the promise obtained that the sheriff would deputize three of the inhabitants to give legalized protection.

After the meeting a social period lasting several hours was enjoyed, adding much to the neighborly and social relationship of the residents of the area represented.

Fifty Attend First Adult Swim Classes

About fifty adults attended the first session of adult swimming instruction at the Antioch Aqua-Center. Manager Warren Polley said that the response to the adult program was greater than expected.

Wednesday evenings are adult nights at the pool, he added, and adult bathers are welcome whether or not they desire swim training.

Safety Tips

The unwary or thoughtless home gardener may wind up with a case of poison ivy that can make the "seven-year-itch" seem a blessing, safety experts for the Institute for Safer Living warn. Skin protection without the use of cumbersome clothing or gloves can be achieved, they say, by using one of the special barrier ointments. Air-tight tubes will prevent any deterioration of ointments for many gardening seasons.

There's a knack to removing a fish from a hook, but it's trickier still taking a fishhook out of human flesh. The Institute for Safer Living of the American Liability Insurance Company warns that the barb must not be drawn out directly. Push the point forward until it protrudes, but off barb, then withdraw the remainder. Cleanse the wound thoroughly, apply Iodine 2 per cent, Zephiran or equal and a dry sterile gauze dressing. It might be wise to carry a small wire cutter in one's tackle kit just for such an emergency.

Insect bites and stings, besides causing swelling and pain, can become infected through scratching, warns the Institute for Safer Living. Always remove the "sting" if it is still present. A paste prepared by mixing baking soda and cold cream or a compress dampened with water of ammonia provides relief. Cold applications will also ease the pain. For the itching of mosquito or chigger bites, calamine lotion is beneficial.

State Line Rd. Contracted Already under contract to be graded and gravelled this year and surfaced next year is State Line rd. from Main st. in Antioch to Pikeville, or Rte. 45 at an estimated cost of \$105,600.

The improvement is part of a million dollar highway program for Lake county in the next year. A \$4 million grade separation is in the picture for Deerfield rd. and Skokie hwy.

For More Fun In A Boat Use Common Sense Afloat

Before and After

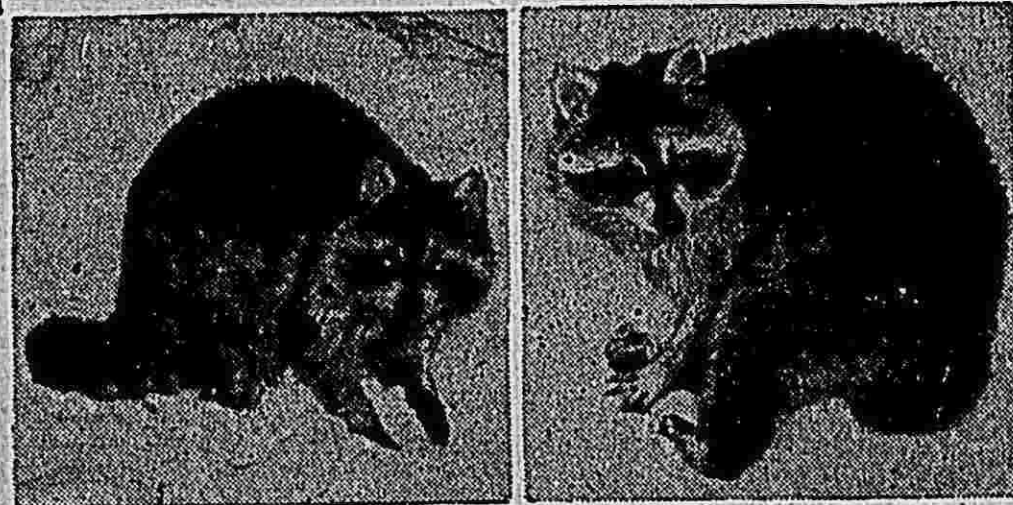

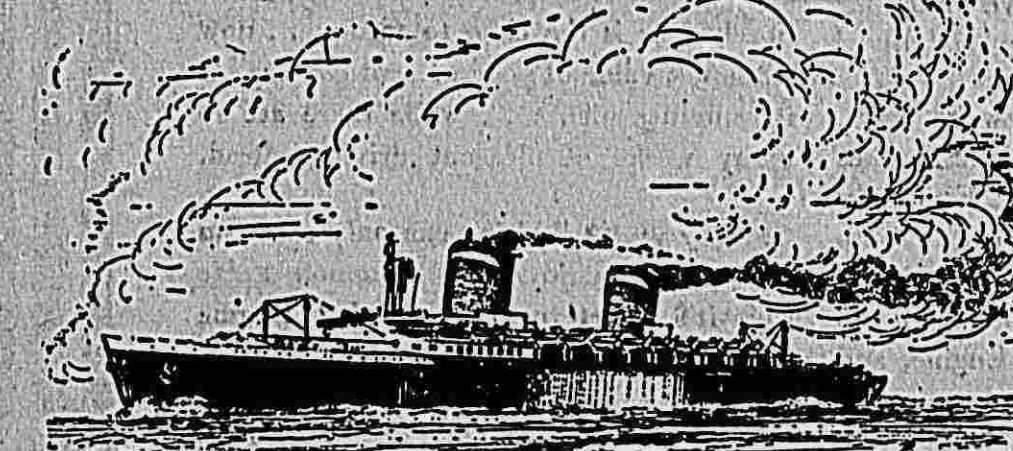

Photo: Courtesy Canadian National Railways

THIS is Jasper, probably the most publicized pet raccoon in North America. Jasper lived happily behind the porch woodbox of an Algonquin Park fishing camp until he crossed the main trans-continental track of the Canadian National Railways and didn't quite make it before the "Super-Continental" enroute to Vancouver from Montreal, came along and cut off his tail. Jasper limped home, was given first aid and now lives unhappily without his tail but comforted by a hot water bottle while the owner, Guide Jack Wilkinson, asks the railway claims people "What are you going to do about it?"

Famous American Ships

The UNITED STATES, world's most famous ship and flagship of America's great new merchant marine. This renowned vessel, fastest and most modern liner afloat, has helped restore America's maritime prestige.

Without modern liners, our trade would suffer and our national defense would be jeopardized, according to the American Merchant Marine Institute. New high speed oil tankers, fast cargo liners, coastal colliers are all equally important to our peacetime economy and our wartime security.

by Richard Joseph

In Frankfurt, Germany, an American G.I. got off without punishment for having his windshield up during maneuvers when it was supposed to be down. "Sir," he told the commanding officer. "It was so clean I didn't know it was up."

We could all learn a lesson in humility from the Moors who built the Alhambra in Spain, one of the world's most beautiful structures. The Moors built the famous castle according to a deliberately unsymmetrical plan, since they held that only Allah makes perfect things.

They held a mint julep contest in New York recently (what, not in Kentucky?) and the winning recipe proved to be Senator Clay's punch dating back to 1841. It consists of Old Crow, bourbon, gum syrup, tinctures of orange peel, lemon peel, gentian and caradmond, plus fresh mint and water from special springs in Kentucky.

Capt. Chuck Banfe, one of my favorite pilots, tells the story of a green navigator who threw up his hands in despair after frantically trying to pilot their position en route from Tokyo to San Francisco. "Have faith in yourself, man!" encouraged Chuck. The navigator promptly took off his hat. "What's that for?" asked Chuck. "Well, if that last position is right, we're over The Salt Lake City Tabernacle and I'm a Mormon!"

Two Hue Figure

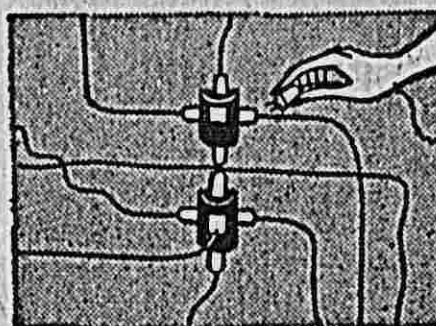

By Patricia Dennis
COLORED LINGERIE has never been as fashionable as it is this season. Petticoats, slips, girdles and panties look like a flower garden. To carry out the color theme, Peter Pan Foundations introduces Two Hue, their color-creased version of the Hidden Treasure brassiere which can be worn with white, or pastel-colored lingerie. The nylon sheer bra is basically white and cord-embroidery delicately traced over each cup provides the color, in pink, maize, blue or beige. Each Two Hue comes with two sets of detachable shoulder-straps—one pair white, one pair matching the color in the bra. Two Hue is a high fashion garment giving the wearer not only a perfect bustline for the new clothes, but complete color coordination, so important to one's fashion peace of mind. Dress by Seymour Jacobson.

Prepare Improvements For Wilnot Fairgrounds Fair Set for Aug. 9-12

Improvements totaling between \$12,000 and \$15,000 are being made on the Kenosha County Fairgrounds at Wilnot in preparation for the fair opening in August it was announced recently.

Included in the improvements are a new entrance from the grounds from county trunk W, complete with gate and ticket booths. A new poultry building, the dimensions of which are 36x98 feet, will soon be under construction. Other new construction on the grounds is the new concrete block lunch stand being built by the Burlington Lions club.

The interior of the 4-H exhibit building will be completely painted and reconditioned. These improvements are reported to be the first stage in a long range plan for further improvement and development of the fairgrounds.

The 1956 Kenosha County Fair dates are August 9, 10, 11, and 12.

Mosquitoes Are Early, But Antioch's Protected!

The mosquito season is coming to Illinois earlier than usual this year, says Prof. William R. Horstall, entomologist at the University of Illinois, as a result of the heavy rains and warm weather of late June.

Ten days after hatching, the winged stingers are out for blood, so the first three weeks of July will be a time of slapping and scratching by humans. And later in the summer there will be a second generation of mosquitoes.

Mosquito eggs are laid in land subject to flooding, may lay dormant for a year or more, and hatch when submerged in warm waters. Heavy summer rains, flooding bottom lands and stream banks with warm water encourages hatching.

At dusk mosquitoes aim toward lighted and hazy horizons that mean centers of population. They can sense blood sources by the warmth of bodies, Prof. Horstall says. By 9 p. m. they are usually finished for the night and bed down in vegetation and trees.

How about that one in your bedroom all night? It doesn't bed down!

U. of I. Leader Aids Aviation Plan

A group which will try to chart requirements of non-airline aviation for the next 10 to 20 years has among its three member executive committee of nationally-known aviation leaders Director Leslie A. Bryan of the University of Illinois Institute of Aviation.

Non-airline civil aviation now operates some 60,000 aircraft which last year flew 9 1/2 million hours. Commercial airlines operated only 1,500 units and one-third as many flight hours.

Illinois Top Vacation Land

As a vacation state, Illinois is very near the top. In 1955 only four states ranked ahead of Illinois in popularity for vacations, according to the Bureau of Economic and Business Research at the University of Illinois. The country's leading states in vacation popularity were New York, Florida, California, Michigan—and Illinois.

The "Land of Lincoln" state parks, Chicago, and many others brought visitors.

NOW! December's fuel oil bill can be as low as July's

with our convenient
BUDGET PLAN!

Pay year's total fuel costs in
11 small monthly payments!

For Example	
If your season's heating cost is \$160	your payments are:
July	\$14.55
August	\$14.55
Sept.	\$14.55
Oct.	\$14.55
Nov.	\$14.55
Dec.	\$14.55
Jan.	\$14.55
Feb.	\$14.55
March	\$14.55
April	\$14.55
May	\$14.50

Easy payments

We estimate your yearly fuel needs. The cost is divided into equal low monthly payments. There are no finance charges.

FOA-5X protection, too

Only Shell Heating Oil contains FOA-5X, the wonder additive that keeps your burner filter screen clean all winter.

Plus Free Sonitor

We treat your storage tank with Shell Sonitor to protect it against inside rust and corrosion. No charge.

Automatic Delivery

We automatically deliver your Shell Heating Oil. As your supply diminishes our records tell us when you need oil.

YOUR INVESTMENT HOLDS WHEN YOU GO OVER TO OLDS

Do it Now!

Don't put off the thrill of owning a new car
any longer! Come in today—we can show
you why this is the month to buy!

BEEN PLAYING a waiting game? You'll know the time for waiting is over... the time for action is here... when you try an Olds "88". It's the car you've waited for... the smart time to get it is *right now!*

If you're like most wide-awake folks, you'll be pleased to see how little it takes to drive this Oldsmobile home. Especially after you sample its bigness. For there's no compromise with power, comfort, and performance in this one. When you step up to an "88", you rate a Rocket Engine, and

that says worlds for the action you'll enjoy. You'll find all the features to hold your investment in driving pleasure high.

Surely now is the time to trade... now while the value of your present car has hit its summer high... while there are so many weeks of pleasant driving ahead.

So why wait? Waiting can only cost you money and enjoyment. Common sense says it's smart to get a Rocket Engine Olds... and get it now!
